## **9) BIBLIOGRAPHY**

## **Introduction:**

The objective of this book is to give an overview of the whole global conspiracy. Many books and many experts from all fields focus on specific areas of it. However, my intention is that anyone who reads this book understands what in English is called the "Big picture" or "Great picture", that is, the general and global view of a topic. In this case the issue is the conspiracy created to manipulate, control and subdue all humanity as well as generate the destruction of the planet and with it the destruction of all species including the human species. All with the aim of a small group of people to ensure the monopoly of power and control of the planet and all who inhabit it.

I would like to clarify (although it is sad to live on a planet where one has to clarify these things, nevertheless we live surrounded by too many prejudices to be able to count them and I do not want my words or intentions to be misinterpreted since my only intention is to awaken humanity and above all that everyone finally understand the reality in which they live and register this reality as best I could, within my limitations since one can not cover everything even though everything ... is one) I do not feel special animosity towards any of the names or groups or powers cited in this book nor do I consider that all of them or their members are malignant or benign by the simple fact of belonging to them. However, as a historian and in my humble skills I have tried, as best I could, to describe the situation of this planet as well as its factual and main powers involved in their totality, to the extent that my limited knowledge allows me in the simplest way.

Finally, I would like to make it very clear that whoever reads and really understands and studies the topics to be dealt with in this book in depth should understand that in most cases the components of these groups, as well as the components of the human race, they are not aware of the true nature of the reality that surrounds them or who directs them. Therefore, focusing hatred towards any of these groups is as absurd as blaming all Germans for Hitler's actions in World War II or blaming the entire population of a country for what its President does.

Many of these people do not know the true nature of the organizations in which they find themselves and, although they know the true objectives of their organization, many did not know when they got into them. Some may have been born in these sects and therefore be influenced and controlled and manipulated since they are born. Many are tortured, kidnapped, threatened and blackmailed to enter. Others may be inside but planning their destruction and others may have entered just for that. Others really believe that the objective of their organization is praiseworthy and positive. Therefore,

although it is not justification, the components of these organizations and these power groups should be treated with care and not indiscriminately generalized. So never again pay the just for the sinners.

The reader should please forgive the simplicity of the book because it is done on purpose for three reasons, the first is that it is impossible to cover such broad topics since each section could be a book or hundreds, the second I want everyone from anywhere in the world to understand in the simplest and most clear way the complex problem that urges us, the third that I want the reader to investigate on his own in case he wants to do it to verify that what I say is the truth, all the truth and nothing but ... the truth.

## THE FINANCIAL POWER

"I do not care what puppet is placed on the throne of England to rule the Empire in which the sun never lies down. The man who controls the money supply of Britain controls the British Empire, and I control the supply of British money. "

Nathan Rothschild

"I believe that banking institutions are more dangerous to our liberties than regulated armies. The power should be removed from the banks and returned to the people where it belongs. If the American people ever allow private banks to control the issuance of their money, first for inflation, then for devaluation, the banks and corporations that will grow around the banks will deprive people of all property until their children wake up beggars on the continent that their parents conquered. "

Thomas Jefferson

- **FOLLOW THE MONEY. WHO CONTROLS THE FINANCIAL POWER?**

It seems obvious to emphasize, and yet it seems not so obvious to some, that who controls the money controls all the other systems that make up a society. And that it is impossible to talk about financial power without talking about arms power, media power, political or religious power and so on to cover all aspects of a society based on money as a method of exchanging goods. However, there are certain sectors that control and monopolize more than others, especially when we speak of sectors based on certain resources of great strategic importance.

Energy would be the first sector to be monopolized (The supply of electricity, oil, etc.) which could include food as the energy source of human beings and all species. Power also in all its forms, especially key positions in the political, judicial, executive, educational sector, etc. Of course the arms system and therefore the military. As a logical consequence, there is absolute power over all other sectors. If you finance all sectors you control them all, if you want one side to win because it favors your interests, you only have to give more money to that side or withdraw the money if you want it to lose.

It should be noted that until very recently the "politicians" were formerly nobles belonging to the aristocracy and were also the kings. No one elected them or there was nothing like the rights of the people or human rights. As totally subordinated to the power of the Lord at the local level and at the National level to the king, the people was completely subdued. This is important to understand as why the mentality of the elite has not changed much in recent centuries despite advances in all aspects of society. This advance totally linked to the education of the people that for the first time in history, for less than a century, can read and write and in certain countries reaching almost a majority of a population (even with its deficiencies) very educated in their rights. It would be enough to quote Machiavelli to understand why the mentality of the elites has changed so little, as little has changed the surnames of these families for millennia.

"Whoever wants to predict the future should consult the past; for human events always resemble those of the times that preceded them. This comes from the fact that they are produced by men who have always been, and always will be,

motivated by the same passions, and therefore necessarily obtain the same results. "

There are many people who speak of the financial system as if it were something isolated from politics or politics isolated from the financial system or the financial system from war and so on. However, everything in history is interrelated, especially when there is a monopoly of resources in such a few hands, that club is very small and everyone knows each other. They are interrelated not only by financial ties but by marriage for many centuries and even millennia. Everything is interrelated, although in one history book one power can be separated in different chapters from another, in reality they are constantly interrelated. As until recently many kings were the Head of the State, the Army and the Church at the same time. As the famous José Ortega y Gasset said:

"In the contemplation of a human event, nothing is more incongruous than seeing it as something quiet and isolated. This is the geometer's optics. But one must learn an opposite perspective, that of the historian. To see something historically is to see it in motion, coming from an earlier thing and going to a later one. The pupil of history never stops, but rather it pendulates incessantly back and forth, assimilating itself in this way to the reality that it contemplates, which is, in effect, a coming from, a going towards, and it is not another thing". And everything is connected to everything.

Whoever wants to understand what happens in the world must know who controls the world. Not knowing the Rothschild family when we study Modern or Contemporary History is like studying Ancient Egypt without studying the pharaohs who governed it. How to study the discovery of America without knowing who the Catholic Kings were? You cannot understand a society, whatever it may be, without studying its leaders. It is pure deductive logic. It cost me six years of research and infinite hours of study to understand who are the world leaders and the interconnection between all the different chapters that I deal with in this book and I began to study them with the simple question of who are the "markets" that Saramago said are made of names and surnames and you can know who they are. Who controls the world.

The reader must understand that the nobility or royalty (the two groups that until recently directed the destinies of all without being elected by anyone) have always been two very small groups of people and they all know each other and relate and marry in most cases only among themselves. Therefore, I deduced that it did not have to be difficult to know who that 0.01% was that had 90% of the wealth and I was not wrong. What I did not expect to find is what I narrate in this book. The global genocide agenda. What I did not deduce is that who controls the money not only controls the industry, politics, the media but also controls the drug trafficking, human trafficking and everything that surrounds the black market, illegal and criminal.

We must also bear in mind that the top of financial power is composed of very few families or groups of power. Therefore, to understand the world one must study these families carefully. I have tried to simplify this book to the point that anyone can understand the functioning of the world and the elite that directs it, as well as its agenda and objectives. And the way in which they manipulate the masses to achieve them, keeping them in ignorance or disinforming them.

One of the phrases of the designer of the Apollo ships, which I mention in my penultimate chapter where I treat the secret space project, says that all degrees lie. He still remembers the hours he was studying his degree and after 70 years it still hurts him to have studied lies. I finished mine 8 years ago, 6 it took me to study what would be equivalent to another career or a doctorate of the true story censored, on my own and just without help and I also suffered all those endless hours in the History career, memorizing all those exams, lists and lists of names and kings, all that time of study and money in my degree to be hidden from me and my classmates what every human being should know and I try to expose here in just 300 pages in a way simple and affordable for everyone. So that everyone who reads this book understands in a few hours of reading what took me 6 years and infinite hours of mine. Let's start by studying the most powerful of these financial families of private banking. The true pharaohs or emperors of today.

- **LA FAMILIA ROTHSCHILD Y EL MONOPOLIO DE LA BANCA PRIVADA:**

The Rothschild family is probably the most powerful of all the families that currently control private banking system and therefore the planet. Although the Rothschild dynasty is founded with Mayer Amschel Bauer (1744 - 1812) it was already powerful and of great influence as a family of lenders since 1577 with Izaak Elchanan Rothschild, being linked for many centuries to the present day to other powerful families such as the Goldsmith.

Its origin is in the Jazara dynasty whose origin is established in the seventh century, located northwest of the Caspian Sea and which would be converted to Judaism in the ninth century, being known as Ashkenazi Jews thereafter. We will see that many of these powerful families but all of them will have their origin in the Ashkenazi Jews today. We will also see that many have much more of satanic than of Jews. Being criticized for this even by the Jewish rabbis themselves.

Mayer Amschel Bauer would become in the 18th century the most powerful private banker in the world, becoming a lender of entire states and kings across Europe. Also therefore controlling the colonies of these Empires such as America, Africa, Asia and Oceania and all other sources of power that emanate from financial power such as the war industry.

This family, whose name means “red shield” for the shield that hung from the house of Mayer Amschel Bauer, would finance both sides of all wars from the 18th century to the present, an example would be the American Civil War or the World Wars of the twentieth century. If they wanted one of the sides to win, they simply gave them more money and weapons to the side that they wanted the winner to be.

When Mayer Amschel Bauer died, he would divide his economic Empire among his five children. Each one located in each of the five most important economic capitals of the planet at that time such as Paris, London, New York, Zurich and Istanbul, capital of the Ottoman Empire called Constantinople at that time. These five children took control of the central banks of each of these countries and through them of the central banks of all the countries of the world. We must contextualize this moment in Contemporary History in what would be called the era of discoveries in which Europe would be made in control of the entire world through the colonization and conquest of these territories, as well as the exploitation and control of its resources. Thus, who controlled the banks of these Empires would control the entire world.

The fact that the Rothschild family took control of the Bank of England during the Battle of Waterloo in 1815 is very famous. The Rothschilds, who had first-hand information on everything that happened in Europe and therefore everyone believed its information (Just as today all media are controlled by the news issued by Reuters created by the Rothschilds), spread the rumor that England had lost against Napoleon's troops, when in fact it had been the opposite, England had won. However, this simple rumor caused The Stock Market (created by private bankers) to panic, so that everyone started selling shares at ridiculous prices. These shares were purchased by the Rothschilds taking control of the Bank of England from then until today. Just as a century later they would take control of the Central Bank of the United States (the Federal Reserve) in 1913 taking advantage of the absence of many congressmen for the Christmas holidays.

I invite the reader to inquire into the Rothschild family and the ones I mention below to check and understand the extent of control of these families and their banks. I quote, finally, these two paragraphs published by Bss De Rothschild in a current world context of rebellion against the financial monopoly. Understanding that nobody chooses the leaders of these banks and therefore no one votes to the real power, the economic one, that dominates the political, industrial, media power and all the others in their respective countries. They are like, in fact, pharaohs of Ancient Egypt (For life, hereditary and non-elected positions) the only difference is that not once have I been mentioned with these families when I studied History or the vast majority of the data I mention in this book.

The only time I heard about the Rothschild family in my History degree was doing a 25-page essay about the formation of the State of Israel, a subject that I myself chose to understand the Israeli-Palestinian conflict. I leave to the reader the choice of whether or not to ask the question of why this incredible and incomprehensible fact. And if Modern or Contemporary History can be understood or not, not knowing who governs the world in reality.

"Bss De Rothschild @BssDeRothschild" America is NOTHING without its banks, said by JPMorgan personally! We have also founded 80% of your banking system & do not forget who prints your \$ ". Maybe nations like the United States and Russia need to be reminded who REALLY controls the show. "

"Bss De Rothschild @BssDeRothschild:" WW3 will mean the death of Populism. The world will beg to turn to the globalist ideal after millions die. "

It should be added that while millions die (and make trillions selling arms to all sides) for the people to kill each other while, they will be in their Caribbean tax haven taking shelter. Coupled with the fact that it is very easy to end competition when there is war by killing everyone who was a threat to your monopoly of power. After all, one more bomb or one less bomb. Who cares in the midst of chaos and destruction? Also, while we are even richer selling those weapons and we will be even richer by buying a country sunk in misery and will be colonized with our plans of "help" Marshal plan type. As Lady Ruth said when a war is made, one have already planned the postwar plans for that country to be colonized.

• **THE BANK FOR INTERNATIONAL SETTLEMENTS (THE INTERNATIONAL PAYMENT BANK):**

This is the Central Bank of all the Central Banks that exist on the planet. Founded in 1930 by the Hague Conference. Suffice it to say that it is no coincidence that tax havens turn out to be mostly in Switzerland at the same time that the World Central Bank is in Switzerland. Switzerland is almost next to Bavaria where the Nazi movement was

founded, bordering Frankfurt, where the Rothschild family and the Bank of Germany is headquartered. And it is enough to conclude that it is directed by the same families named above.

Ronald Bernard explains very well how small is this financial world saying that at the top of the system there are 8000 people directing most of the economic system "As I was improving my skills within the financial network, I entered more and more deeply into the world financial, and you end up realizing that the world is really small, and you keep giving yourself more and more that it is. Even when I was still working in the work of exchanging goods importing and exporting, you realize that it is a small circle. And if we talk about the smallest circle of the financial world, I do not mean Mrs. Jean from the bank, but the great global influx of money that is used to trade. "

"Everything you want to know about the world, you know it by following money" ... "Make sure you follow the money, then you will know the truth." ... "Everyone believes that there are opposites like the good guys and the bad guys in the world, but In high levels it is just a game and they are working together. However, they have to follow the rules and regulations, which they themselves created to keep the rest of the society oppressed and make sure that the top will not be too crowded. So you have to play according to your own rules. So that's what's happening, it's making sure that nobody can track you. Apart from the elite, no one in the lower ranks can find out what is really going on. "... " Everyone knows a small part. Only the elite know what is going on. "Not anymore.

#### • **THE INTERNATIONAL MONETARY FUND AND THE WORLD BANK:**

These entities were both created at the Breton Woods Conference in 1944 during the Second World War. Recall that the same families have in this era the financial control and therefore the control of the central banks of these countries as well as their military power and provided weapons to both sides of the war. Allegedly, his "stated purpose is to reduce poverty through low-interest loans."

The issue of money is vital at this point. Central banks lend money to the countries where they are located, but each dollar generated in turn creates a debt, an interest. That is, they lend 1 dollar and you have to return one dollar plus the percent of the debt generated, which is impossible to be repaid because. If I lend you a dollar and I ask you to return 1 dollar with 1 cent, there is no way for the person to return it because he would have to ask for that cent which in turn generates a debt. Therefore, the entire financial system is based on fraud. This is coupled with the fact that banks can lend ten times more money than they have.

It must be very clear in the reader's mind that debt is a form of control and slavery. In my opinion the financial elites that have been controlling the world for centuries, maybe millennia, realized that conquering territories by force, with regular armies like Hitler did, generated strong resistance and opposition from the people that culminated in a

massive rebellion. To avoid this, the best thing is that the people do not realize that it has been invaded. The debt has as a consequence that governments are totally subject to the orders of the financial elite.

It is a form of modern economic colonialism similar to that of the colonies of Ancient Greece or Rome that paid to the power that had colonized them a percentage in exchange for "protection". It is also a form of control similar to that of the feudal system in which the peasant had a land in exchange for giving 40% of his harvest to the lord and 10% or a tithe to the church. Because of this, from the wealth of a country a high percentage instead of staying in the country has to be redirected to pay the debt.

In the end it is achieved through debt that countries end up totally subject to banking in such a way that it ends up being the bank that dictates the policies of a country. This economic elite ends up controlling all aspects of society but especially the political and industrial system. That is why "The IMF for example is the number one in the economy for the Gross Domestic Product today" said by President Vladimir Putin in the Forum of the second belt and road in Beijing April 2019.

#### • **THE FEDERAL RESERVE:**

The Federal Reserve is a private bank composed of four banks:

- Bank of America (Exxon)
- Wells Fargo (Chevron)
- J.P Morgan (Shell)
- Citibank (BP)

It was formed on December 23, 1913 taking advantage of the absence of most of the US congressmen for the Christmas party, although the struggle goes back to the War of Independence between the American Presidents and private banking for the monopoly of the economy and the Currency issue came from far behind. Studying how the Federal Reserve works helps us understand the functioning of all the Central Banks monopolized by the families named above. The presenter of the documentary Thrive explains it very well in this way.

"As difficult as it was for me, I have reached an inexorable and deeply disturbing conclusion. I believe that an elite group of people, together with the companies they manage, have managed to control not only our energy, food supply, education and health, but each of the facets of our life and they control the world of finance. but they do not create more value but actually control the source of the money. When I followed the money I saw that I was dragged to the top of a pyramid.

Here we are at the base of the pyramid with our day to day. Above us is the government, people who have been granted a monopoly of power and use it to impose taxes and control us whether we agree or not, but who controls them. On the next level we meet

the companies. Many people think that it is they who control the world and not the national states and call it corporatocracy. To obtain global resources and control the states this corporatocracy must have access to cheap money, the big corporations get their money to a special interest of the big banks which means that those who control the big banks, the wealthy elite, are the ones that they actually control the corporations. While following the money I realized that almost all the ideas I had about capital are not true. "

It is interesting to note that Kennedy was killed after creating executive order 11110 to take away the power to issue money to the Federal Reserve. As Alan Greenspan, Chief Executive of the Federal Reserve, explains "First we have to make it clear that the Federal Reserve is an independent agency and that basically means that there is no other government agency that can annul the actions we undertake."

Please let us take a minute, or a lifetime, to analyze that phrase "no other government agency that can nullify the actions we undertake" Government agency are the courts? Is it the police? Does this mean that they are outside the law since the State cannot control or cancel their actions? It is a disturbing question without a doubt. Please let the reader see the animated short film "The American Dream" that explains with total clarity the real power of the Federal Reserve.

#### **• THE BILDERBERG CLUB, THE TRILATERAL COMMISSION AND THE COUNCIL OF FOREIGN RELATIONS:**

The Bilderberg Club is a club founded on May 29, 1954 by Józef Retinger. It is curious that Wikipedia says it was to foster understanding between European and American leaders after the malaise caused by the Marshall Plan. When a war is provoked, the plan for reconstruction after the war is designed with it. With the Marshall Plan, an even stronger monopoly was achieved by private banking, managed by the families named above, since by eliminating competition, companies that before the war could be worth millions can be bought at a very low price. Without forgetting that both sides of the war are financed by the bankers themselves.

Anyone who reads a list of the members of this club will find the most powerful and influential representatives of banking, government, media and academics. These meetings are held in secret, no journalist who does not attend the club can attend in any way and everything in these meetings must remain publicly scrutinized. Some of the world leaders are invited to attend sporadic meetings that take place once a year.

Daniel Stulin (to put notes of the book) or Cristina Martín Jimenez are two of the people who have written books about this club and I strongly recommend the reader to read the book of the Bilderberg Club of Daniel Estulin as well as the Tavistock Institute about the engineering of mind control worldwide.

It is important to note that the Bilderberg Club only includes Western leaders from Europe, the United States, Canada or Australia, leaving leaders from any other part of the world totally excluded, with some exceptions. To compensate for this fact they created the Trilateral Commission for secret meetings of Asian leaders and the Council of Foreign Relations was also created previously.

I transcribe this really sublime conference in which Paul Hellyer, former Minister of Defense of Canada for 20 years, describes perfectly the reason for the concealment of the nature of these three organisms and of these meetings as well as the Secret Space Program that I detail at the end of this book and many other questions .

"I was asked by Victor if I could expose this conference in 10 minutes ... this is an impossible task but here it goes. In 1940 the Council on Foreign Relations in Washington D.C. decided that Hitler was going to lose the war and that they should start preparing for the next empire that should cover all the areas that Hitler had covered including the United Kingdom, all of North America, New Zealand, Australia and most of the Pacific Southeast. They have been working on it ever since, they have joined forces with other organizations since then, including the post-war organization of the Bilderberg Club in Europe, which is one of the most secretive and one of the most powerful but the most powerful organization in the world today. And then the third is the Trilateral Commission that is formed after Japan began its rise to power. And these three entities have been working together and I call them in my book "The Three Sisters".

They are the root of what I call Cabal, and what other people call the Cabal as well. The Cabal includes banking corporations, oil corporations, transnational corporations, intelligence agencies, many of them including the CIA, the FBI, the NSA and a couple of foreign agencies of the MI6 in the United Kingdom and the Mossad of Israel and a large part of the United States military corps. They are the Cabal and they have been ruling the United States for the last half century to the point where presidents have been little more than talking heads and Congress has no idea what is going on. After the Second World War there was an operation called Paperclip that was approved by President Truman to bring the Nazi scientists to the United States to help presumably in the Cold War ... President Truman approved it on the condition that the scientists were not active members of the Nazi Party. The Armed Forces that made the invitation, the army in particular did not pay attention to the President, as an active member of the National Defense Forces I know how this works and recruited those who wanted and gave them new names, new history and high ranking jobs in the United States in the military and civil system.

They worked on new missiles and weapon systems of various types and after the takedown, the demolition of the two ships in Roswell where two UFOs crashed on July 4, 1947, one of the ships was officially recovered intact and they began to replicate the engineering of these. Shortly thereafter they moved the operation to the Nevada base and the then President who was Eisenhower wanted to know what they were doing there and they did not tell him so he threatened to take a branch of the Colorado Army

to take area 51 (This is confirmed by a former FBI agent in a testimony given before dying, you can easily find this interview on the internet). They capitulated and allowed him to send trusted CIA members to visit Nevada and see what was happening and what was happening was exactly what they expected and is to replicate the engineering of one of the vehicles in the Roswell area and I do not think there was a president since really good since Truman who knows what is really going on really since then.

President Eisenhower filled his frustration and his final speech to the American people at the time he was withdrawing from public life was to be careful with the military complex and the problem is that we do not pay attention to him. A witness who had worked in the company of President Eisenhower said that what really worried him was that the report on the aliens was going in the wrong hands and that is what he was really worried about and I would want he would have said it publicly but that's when the cover-up really started to get serious.

A lot has rained since then. This Cabal, its end is the world government, they call it the New World Order that is not elected, accountable only to themselves. That is what they are doing and they are really advanced in this process. And you know, they were smart and they said they were not going to do what Hitler did and try to take this world by force, these countries through military force I mean, they would do it using our minds and the monetary system to crush several countries until the point where people would be happy to accept a military government and use trade agreements that were not really trade agreements but actually transfer of power from the people, the people elected by vote, to the banking cartel and that of the transnational corporations and put one thing in these trade agreements that is called "dispute settlement mechanism" or "the dispute settlement mechanism" and how it actually works is in this way, that if any government such as a provincial government of Canada or state government in the United States United does something that affects the benefits or potential benefits of a foreign company they can sue the government of Canada for the loss of these benefits or for the loss of potential benefits. Can you believe it?

They have more rights in Canada than any Canadian citizen and of course it works in the same way in the United States. It is wrong and it is the principle of, in two words, that they do not want us to know what they are doing because if many of us knew it they could not get away with it. And the reason you do not read about this anywhere is that if you get a copy of the most recent book by Daniel Stulin, the author of the book "The True Story of the Bilderberg Club", there are several pages, chapters and paragraphs that show each one of the largest news sites in the Anglo-Saxon world is controlled by the Bilderbergs. Thank you."

No, thanks to you my brave friend. I think it could not be explained better in less time.

Perhaps, anyone who can doubt the control exercised by these groups of power, after reading a former defense minister, can explain how, for example, within the CFR (Council of Foreign Relations) are all the directors of the mainstream media as: Reuters,

which controls 70% of the news worldwide, Forbes, Bloomberg, Fox News, The Sun, The Times, Sky, 20th Century Fox, NBC News, The Economist, Time, Washington Post, CNN, CBS News, TimeWarner, HBO, Cartoon Network, ABC News, Disney, Pixar, Marvel, Lucas Film, The Daily Beast, Google, Youtube, Facebook and many more. And then think that the majority of media worldwide are controlled by five Corporations as well as the Entertainment Industry such as Music, Radio and Film: Dysney, Viacom, AOL / TW, News Corp and Clear Channel.

**THE SHADOW GOVERNMENT:  
SECRET SOCIETIES  
AND MAIN GROUPS OF POWER**

- **THE VATICAN:**

"With the Church we have met" El Quijote

Bearing in mind that religion and the State until just a couple of centuries ago went hand in hand and continue to be on many levels. That in societies like the Egyptian and many others, the King or Emperor was also a God. That every King justified his reign by saying that he was chosen or was son of God and that religious power is one of the pillars of society. Who wanted to control the executive, legislative, judicial and military must control the religious since until just two centuries ago they were totally united and still are.

From immemorial times in all Council of Ministers of the Kings or rulers, even in nomadic tribes, in the council of power were the components of religious power, participating in councils or governing entities of both the legislative and judicial power. And just as controlling the head of the Church it was also important to control the High Priests in general chosen from among a select nobility, to control the leaders of each God in the polytheistic Societies as it happens today with the Papacy and the Cardinals and so many other religions. Famous is the case of Amarna in Ancient Egypt in which Akhenaten and Nefertiti lost their power by the rebellion of the High Priests for having the audacity these pharaohs to proclaim a unique God and withdraw their power. Controlling the High Priests is just as important as controlling the leader of that religion, not so difficult considering that it is a small group in general coming from the noble families that control the executive power and the society.

Which person, state or group of power would not want to have the largest network of spies on the planet? With a library full of state secrets kept for almost two millennia that could completely disrupt and turn around any historical event that has been recorded based on lies and know the true story. Whose correspondence and power reaches the entire planet. With a billion followers worldwide spread around the world who religiously go to the confessional to tell their confidant everything in which they deposit their faith and trust.

Many religious only work for the common good. However, The Papacy, like all positions of power, has always been a highly coveted entity since ancient times. Since it was created. Although when it was created there were five Popes and not one. And just as in ancient times you could buy a cardinal or bishop title just for the noble or wealthy and influential person to charge the tithe of the diocese and lived in his castle, without ever having to put on his cassock or having gone to mass, also has never being elected or being voted by any group of Cardinals. And sometimes even before it was born was already chosen to be the Pope.

For all this it is not strange that many Popes came from very powerful and influential noble families. Controlling the Papacy is essential for world control and this has been a millenary struggle between the various popes and religious who follow it and the powers that seek its control from its conception.

– JESUITS:

Within the Vatican I will focus on the most influential group of power and those are the Jesuits founded by Ignacio de Loyola (1491 - 1556). Francisco Borgia (1510 - 1572) was also essential in the foundation, he was a Jesuit and appears in a representation with the skull and crossbones. Before the foundation of this Order, Ignacio de Loyola founded "Los Alumbrados" in 1523. The Alumbrados are condemned by the Inquisition on November 23, 1525. On August 15, 1534, "Assumption Day" (1534 = 13) gives rise to the company of Montmartre in Paris where 7 people inaugurate the Order of the Jesuits. In the book "The American Jesuits" says that on June 24, 1537 six others were ordered in Venice (Headquarters of the Warburg family called "Bank" at this time and many other famous bankers of his time).

They began to refer to themselves as "The Society of Jesus." The Company has a military term and has a lot of Templar symbolism. They were religious soldiers and they were called "Society of Friends of Jesus". Paul III approves the Jesuits in 1540, in theory they are created to put an end to Protestantism and the restoration of Papal Supremacy. The seat in Rome is the Church of Gesu. They own many universities, founded the Gregorian University in Rome ISSI, founded to carry out the counter reform.

Some Jesuit dogmas introduced into Christianity are: Immaculate conception of Mary in 1854, papal infallibility in 1870, assumption of the Virgin Mary in 1950. They are also responsible for the introduction of the confessional that became effective at the Council of Trent (1545 - 1563 ) the Jesuits introduce the confessional, a really ingenious method of espionage. We must bear in mind that before dying it is essential to confess to enter paradise, this for a peasant with minor faults may not be very useful, but for powerful characters with many secrets and influences is essential. For them the civil power was very important, for that reason they try to control the education. They were councilors of kings and were in positions of power.

On July 21, 1773, shortly before the foundation of the Illuminati, Pope Clement XIV prohibited the Order of the Jesuits and was assassinated shortly thereafter. Juan Pablo I many years later, in 1788, is assassinated 33 days after being chosen to try to dismiss Pedro Arrupe the then Superior General of the Order. The highest degree of Freemasonry is 33 corresponding to that of Master Mason. When in 1773 they are repudiated from the Church they go to seek refuge at the court of Frederick II "The Great" of Prussia (1740 - 1786) that will reign during the time of the foundation of the Illuminati, whose founder is Jesuit, Adam Weishaupt. Caterina II "La Grande", Empress of Russia protected them, many will leave to Russia and from there to the United States.

To counteract the papal prohibition, through Lorenzo Ricci, the eighteenth Superior General of the Order, they founded the Order of the Illuminati in Bavaria on May 1, 1776, using Adam Weishaupt, who was also a Jesuit and professor of Law in the University of Ingolstadt. Then the Jesuits go on to become a secret sect. Already in his time Adam Weishaupt makes reference to the term "Nuovo Ordun Seculorum" or New World Order. The election of the city was not coincidence since Ingolstadt "the city of the Jesuits", "during the Counter Reformation, Ingolstadt did more than any other University to defend the Catholic faith and it was for the Catholic Church in southern Germany the same that Wittenberg for Protestantism in the North "(Catholic Encyclopedia, 1910. Vol. 8, page 8). The Jesuits already in this era directed more than eighty universities.

According to the Catholic Encyclopedia (1910. Vol.7, p.661) when the International Freemasonry Convention was held at Wilhemsbad in 1782 from July 16 to August 29, Knigge and Weishaupt claimed to be the only pure masonic lodge and were commissioned to put all the other lodges under his leadership. In "The Vatican against God" of The Millenials, a book forbidden by the Vatican, it is said on page 273 that "Paul VI (1963 - 1978, who precedes John Paul I) noticed the Masonic presence in the Vatican and proclaimed before the world: He called it "the smoke of Satan. "

In John Daniel's "The Grand Design Exposed" on page 302, he affirms "The truth is that the Jesuits of Rome have perfected Freemasonry to become its most magnificent and effective tool for reaching their purposes among Protestants." The acronym of the HIS Order would also have the hidden meaning of: Horus, Isis and Seth. In the book "Masonic and occult symbols illustrated" by Cathy Burns on page 34 it is mentioned that "Among the Egyptians represented Isis, Horus and Osiris". The pyramid and the triangle would come to be a symbol of the pagan gods. "The all-seeing eye is a symbol of Satan's illumination." We can find the pyramid with the eye in the Vatican. In this sense, the pyramid according to the Larousse Encyclopedic Dictionary "symbolizes the staircase that leads Pharaoh to Ra, the Sun God" which would symbolize Lucifer.

Pius VII prohibits the Jesuits and in 1798 will be taken prisoner by Napoleon. This occurs when Napoleon Bonaparte begins to conquer all of Europe by reaching Italy. "The Pope was taken prisoner by the French army and the papal power received his death blow" (The Great Controversy, Ellen G. White, page 492). You can see in the Cathedral of Notre Dame a painting of Napoleon crowned Emperor by Pius VII on December 2, 1804.

"Weisphaupt and his fellow Jesuits cut the Vatican's economic income by arousing and directing the French Revolution; directing Napoleon towards the conquest of Catholic Europe and used Napoleon to imprison Pope Pius VII in Avignon until he accepted as payment for his release reestablish the Order of the Jesuits. This war of the Jesuits against the Vatican ended at the Congress of Vienna in 1822" (Federal Reserve Conspiracy and Rockefellers, Emanuel M. Josephson, p.4, Chedney Press N.Y).

This is a very important fact because it reflects how, being prohibited by the Vatican, they started a war against the Pope controlling Freemasonry and through it to Napoleon as an instrument for this war. They used Napoleon and through him also General Berthier to apprehend Pope Pius VII. In 1814 he will be freed in exchange for reestablishing the Jesuits. And in 1886 Pope Leo XIII reestablished all the rights of the Jesuits to their original state but "without restriction of any human or papal authority". This means that even the Pope cannot take away his power from now on. In 1870 the Jesuits had declared the papal infallibility since it is easier to control a person than the entire Vatican. Mussolini in 1929 will restore the papal power by the "Treaty of the Lateran" completely. Mussolini's confessor was Pietro Tacchi Venturi, also a Jesuit.

Napoleon Bonaparte in his "Memoirs" at the end of his life said about the Jesuits "The Jesuits are a military organization, not a religious order. The chief is a general of an army, not a simple monk of a monastery. And the purpose of this organization is power. Absolute power. Universal power, power to control the world by the will of one man: The General of the Jesuits, being a teacher, sovereign among the sovereigns. Wherever the Jesuits are admitted, they will be the ones to lead, no matter what the cost, every act, every crime, no matter how atrocious it may be, is a work of mysteries. If it is committed for the interest of the society of the Jesuits or by order of the General ". This makes all the sense considering that its founder Loyola was a military man before being religious.

The fourth oath of the Order of the Jesuits to be a priest, according to a Jesuit priest who left the Order after making the oath, is: "I will always make a war without quarter secretly and openly against all heretics and Protestants ... to remove them from the face from the earth. For this I will not take into account neither age, nor sex, nor condition. I will hang, burn, consume, tear, and bury these infamous heretics alive. " This oath is made with two flags, the Vatican and another with a red cross, a sword and the skull with two tibias.

The Jesuits control the Masons and through them they also controlled the Protestants and the American Revolution. According to Cecilius Calvert (1605 - 1675), second Baron of Baltimore or Lord Baltimore and first owner of the colony of Maryland, Catholic, as the Jesuits could not have total control of England, they did so through the colonies. The Jesuits entered the United States in three main stages. The first in 1566 through Florida by the Spanish Empire. The second in 1673 through Canada by the French and the third in 1687 through Mexico by the Spanish. The first Jesuit settlement is in 1634 in the city of Santa Maria in Maryland.

"The first Lodges of the United States were the Lodges of San Juan in Philadelphia and Boston. The San Andres Lodge was meeting in the Green Dragon Tavern that would be the place where the Boston Tea Party is created, causing the Independence Revolution. " (Architects of deception, Juni Lina, pp. 191-192). The Declaration of Independence is the same year as the foundation of the Illuminati, 1776. "The patriots waited until there were 13 states to declare independence. Between 1776 and 1789 13 years passed from

the American Revolution to the French Revolution "(The Grand Design Exposed, John Daniel, p. "There were not only many freemasons in the government but also secret groups in Europe" (Manly P. Hall, The secret teaching of all ages). There are 13 obelisks in Rome and the obelisk of Washington, replica of the one in the Vatican is 666 feet, designed by the freemason Robert Mills who was considered the first architect of the United States, it is called the monument to Washington.

In the magazine of "Life Magazine" of October 8, 1956 you can see a painting of George Washington (1732 - 1799) with his masonic attributes dressed in his apron and mason gloves. The land of Washington belonged since 1663 to Francis Pope and was ceded to the state, Rome was called to this land. The first foundation stone of the White House (designed by the architect James Hoban, also a Mason) is dedicated to Freemasonry. Resolution 33 of the Congress of the United States recognizes the work of Freemasons in the History of the United States. George Washington said in a letter that we should be careful with the Illuminati because they were taking control of Freemasonry. The 33rd Mason temple is opposite the White House.

The phases of the infiltration of the United States by the Jesuits were:

- 1) Infiltrate Freemasonry
- 2) Religious freedom
- 3) Control of Catholicism
- 4) End religious freedom and impose only their religion
- 5) Infiltrate education
- 6) Infiltrate the Entertainment Industry
- 7) Protestant churches. Francisco de Riviera, Jesuit said that to end Protestantism you have to infiltrate. He wrote in 1590 a commentary on the Apocalypse, distancing any relationship between the Church and Satan. The Jesuit Cardinal Robert Bellarmine defended futurism, the current Protestant doctrine.
- 8) Mormons: Joseph Smith and his successor Brigham Young were both Freemasons. Brigham Young was a close friend of Pater de Smet, one of the most influential Jesuits of the century. XIX The Mormon temple of Salt Lake City has the symbolism of the eye, the sun, etc.
- 9) Theosophy: Founded by Helena Petrovna Blavatsky, descendant of freemasons.
- 10) Jehovah's Witnesses: In the book "Bloodlines of the Illuminati" he says it was founded by a Freemason, Charles T. Russell
- 11) Politics
- 12) Judicial system
- 13) Army (In which there were 243 members during World War II)
- 14) Press

Charles Chiniquy (author of "50 years in the Church of Rome"), a former Catholic priest already in 1886, wrote that "The day in which the Jesuits govern the United States is very close". Abraham Lincoln said about the War of Independence "This war would not have been possible without the sinister influence of the Jesuits." Samuel F.B. Morse (1791 - 1872) American painter and inventor, co-inventor of the Morse code, affirmed

that "There is a conspiracy in action against the liberties of this nation" (Foreign conspiracy against the liberties of the United States, 1835).

The Jesuits promoted the war of independence in the United States between the Irish Catholics of the North and the Protestants of the South. In addition, they reinforced the powers of the President as they had done with the Pope's powers because it is easier to control a person than an entire State. To that end, they promoted the 14th Amendment to the Constitution, especially the Jesuit Peter de Smet (1801 - 1873), which gave the President powers over the people in order to control the people through the President. They also promoted the Powers of War Emergency Act (1950) that grants the President absolute powers to suspend the Constitution and declare Martial Law.

Archbishop Quigley stated in "The Chicago Tribune" in 1903 "When the United States rules the world, the Catholic Church will rule the world" (Vatican Assassins, Eric Jon Phelps, pg. 25). For all this we can say that "The Catholic Church in the United States is a force in the Pentagon, a secret agent in the FBI and who dominates the CIA" (Murder in the Vatican, Avro Manhattan). For example, the United States' War Veterans shield and many other military institutions in many countries feature the Maltese Cross, linked to the Knights of Malta of the Vatican, a papal guard. The OSS (Office of Strategic Services) became the CIA in 1947. "Wild" William Joseph Donovan (1883-1959), Catholic and Knight of Malta was the founder.

The Jesuits created the FBI in 1908 to control the United States. It was founded by Charles Joseph Bonaparte, Catholic and Mason. J. Edgar Hoover was the first director of the FBI whose shield has 13 stars. The Federal Reserve will be created to control all the economic power of the country. Likewise, about the United Nations, we have this quote "The Catholic leaders of the United States used the peace plan of the Second World War so that the success of the American alliance would support the idea of the united nations of Pius XII" (American Catholics and The Formation of the United States Joseph S. Rossi, Jesuit).

Pius XII in his Christmas speech of 1939, year of the beginning of the Second World War highlights five points for peace, among them the first is the New World Order founded moral principles, the second to bring back to society the law of God and the third a new order founded on that immovable rock, the moral law. At the April 25, 1945 Conference of the United Nations in San Francisco apart from the 46 invited countries, 24 Catholics are invited. On April 29 a Mass would be created by the United Nations of San Francisco. On September 26, 1961, it would be transferred in United States military control to the United Nations. Dr Robert Muller (1923 - 2010), Secretary General of the United Nations for 40 years, says that Teilhard de Chardin, Jesuit and father of the New Age, always saw the United Nations as the progress of his philosophy.

The Jesuit Malachi Martin, referring to those who do not join Rome "They will have to face serious consequences. Either they become realistically globalized or ... their groups will be reduced in terms of quantity and influence and eventually lose their identity as an operative part of the New World Order "(The Keys of this Blood, Malachi Martin). Joseph Ratzinger, Benedict XVI said that "The Church needs more than ever the fidelity

of the Jesuits." After resigning for pedophilia scandals and support for the Nazis in World War II, his successor is a Jesuit, Pope Francis (Founder of the Jesuits is called Francisco).

Adolfo Nicolás, whom the Jesuits themselves call "the black Pope" is the current General of the Jesuits. In the Order of the Jesuits idolatry is practiced in the sun that would be a symbol of Lucifer and in fact the symbol of the Jesuits is the IHS within a sun. The sun would also be Baal. The goddess Mitra of Persia represented the sun god and would have 12 disciples. The statue of freedom represents Mitra and carries the torch or light symbolizing Lucifer. It was set by a Grand Master Mason. The inscription of the statue has two measures and says "Sculpture made by Frederic Bartholdi, mason member of the Masonic Lodge of Alsace-Lorraine in Paris". The host is round symbolizing the sun and usually has written IHS, the ostensory has the form of a sun that is adored. The sun-like halo that surrounds Jesus and other divine or holy beings began to be used in the s. III and would represent the sun. The worship of the sun is equal to apostasy (breaking with the order or religion to which one belongs).

John Adams (1735 - 1826), First Vice President of the United States and second President, in 1816 wrote to President Thomas Jefferson "We will not have this regular plague of them here, in as many disguises as only a gypsies king can assume, dresses as painters, editors, writers and teachers. If ever there was a group of men who deserved eternal condemnation on earth and in hell that is this Loyola Society "(The New Jesuits, George Riemer). Abraham Lincoln said in 1865 in private letters burned by his son Robert and restored by Charles Chiniquy "Protestants from the north and south would exterminate the priests and Jesuits if they knew how they invaded us to destroy the United States ... This war would never have been possible without the sinister influence of the Jesuits. We owe it to the Papacy that we now see our earth reddened with the blood of its noble children. "

At the same time the French General and statesman the Marquis de Lafayette (1757 - 1834) said "It is my opinion that if the liberties of this country (the United States) are destroyed, it will be for the subtlety of the Jesuit Catholic priests, because they are the most cunning dangerous enemies for civil and religious freedom. They have instigated most of Europe's wars. "

As for the French Revolution, one of its possible causes is to obtain complete control of the Rothschild Bank over the country. Mayer Amschel Rothschild (1744 - 1812) leaves control of the Bank to his five children and sends them to fundamental centers of world economic control, one of which will be Paris. The Kings of France opposed the establishment of a private Bank. Therefore, to gain absolute control of the country they had to eliminate the French Kings. When the Francois-Marie Arouet, known as his pseudonym of writer Voltaire (1694-1778), was a Jesuit. The symbol that appears in the Declaration of the Human Rights of the Jacobin hat is a mason symbol together with the bundle of rods of the fasces, fascist symbol. Also the eye, the pyramid and the snake. Mitra has the Phrygian hat that is equal to the Jacobin.

In the French Revolution, the Dominican Order will be totally destroyed, curiously, Pope Pius VI had given control of the Inquisition to the Dominicans instead of the Jesuits. Pope Pius VI was arrested in his attempt to end the power of the Jesuits through Napoleon who makes him a prisoner, taking much of the Vatican library to Paris. Weishaupt and his Jesuits reduced their income at that time due to the expulsion of the Church by the Pope so they provoked the French Revolution and put Pope Pius VI in prison with the condition for his release to accept the Jesuits. The coat of arms of France once the Republic is established has fasces in the center.

The Jesuits have a great relationship with fascism. One of the Catholic authorities who brought Hitler to power was Frank von Papen, leader of the Catholic party later known as the Nazi party, was a friend of Pope Pius XII, which has a great relationship with Nazism. Himmler organized the S.S according to the Jesuit organization. The magazine *Civiltà Cattolica* appears a quotation from the Jesuits in which they affirm that "Fascism is the regime that most corresponds to the concepts of the Church of Rome" (New York: Hillman - Curl, Inc. 1939, page 465). Fasces symbolizes power over life and death, symbol of the Jesuits. The dome of the Capitol has fasces at the top. Stephen Grover Cleveland (1837 - 1908) twenty-two and twenty-four Presidents of the United States used fasces in their political campaign of 1888. The statue of liberty and the statue of Abraham Lincoln sits on a chair with fasces. Insignia also of the National Guard and appears on the door of the oval office.

Hitler carries the cross of Malta, symbol of the Knights of Malta, the Papal Guard. It appears in photos making the Nazi greeting with cardinals. And Hitler himself said: "I have learned a lot from the order of the Jesuits ... until now there has been nothing more grandiose on earth than the hierarchical system of the Catholic Church. I have transferred a lot of this organization to my own party. " "The SS was constituted according to the Jesuit principles- Himmler (head of the SS was strongly associated with the Jesuits through his father and brother) Hitler said of him" I can see Himmler as our Ignacio of Loyola "(History Secret of the Jesuits, Edmond Paris). Joseph Goebbels was also trained as a Jesuit.

Hegel said that you had to create the thesis and the antithesis, communism and fascism, and you face them to obtain the synthesis. The synthesis is the New World Order, generating a controlled conflict. If it is not controlled, it will not be the New World Order. The formation of the right and left is essential to create the synthesis by controlling both at all times. The synthesis is not the thesis or the antithesis. The State is equal to God who is equal to the Papal power and the Jesuits. Karl Marx said that the established Order was based on the thesis that was capitalism and the antithesis represented by communism. In the First and Second World War the Protestantism is ended because the North Germany was erased, the East made atheist ending the Orthodox Church killing the Tsar and his family and also making Russia an atheist. They turn Turkey into a fascist.

President Woodrow Wilson (1856 - 1924), the twenty-eight President of the United States, said: "Some of the greatest men in the United States in the fields of commerce

and manufacturing know that there is such an organized power, so hidden, so complete, so extended that it is better that they do not speak louder than their breathing when they speak in condemnation of him ". John Fitzgerald Kennedy would openly oppose this power by saying "I am going to separate the Church and the State." "When Kennedy ... called for a return to the American currency based on the gold standard and the dismantling of the Federal Reserve, he really meant money without debt that does not carry the dirt of the Federal Reserve, when he dared to really exercise his leadership and authority granted by the Constitution of the United States ... Kennedy prepared his own death warrant. It was his time to leave. " (Called to Serve Proliferator in Conspiracy from John F. Kennedy to Bush, Col. James Grits).

"After the failure of the Invasion of the Bay of Pigs, President Kennedy changed. Because of his betrayal by the Jesuit Council on Foreign Relations in the person of McGeorge Bundy, he said he "wanted to break the CIA into a thousand pieces" (Vatican Assassins, Eric Jon Phelps). Kennedy's own wife had been educated in a Jesuit school. Kennedy said "I am going to separate the Church from the State". Another important reason for his murder is that he orders American troops to withdraw from Vietnam.

Of the hundred witnesses closest to the Kennedy assassination, all but two women who were ridiculed were murdered. Up to one hundred and seventy seven people were killed. Jean Hill, who was interviewed shortly after the assassination of the President, says that he grabbed his neck after the shot and then heard three or four more shots. He says he saw a sniper in one of the mounds. Oswald, the alleged murderer, had no remains in the tests that were carried out of having fired a gun. One of the shooters will be driver William Greer. Victor Marquete, officer and secret police admit that there is more than one shooter.

Pope Benedict XVI was surrounded by scandals of pedophilia, Vatican accounts and revelation of secret documents by his own members. He was a Pope instructed by the Jesuits. Pope Francis is a Jesuit. He was in the residence of San Ignacio de Loyola. He did not want to receive the obedience of the Cardinals and temporal attributes of the Pope. Call older brothers to Jews as they had done previous Popes and brothers to Muslims. He was a leader of the Jesuits during the dictatorship. Accused of betraying the Jesuits Francisco Jalix and Julio Orlando Lolio who were kidnapped and tortured. When called to testify as a witness he said it was not true. Silvia Pérez, Argentine journalist criticizes Pope Francisco for this.

The Jesuit Alberto Rivera Romero revealed the oath he made when he went to a position of power in the Order, one of the reasons why he stopped being a Jesuit: "Dress up and preach as a Protestant or any Jewish creed to infiltrate and give information to the Pope. Create wars and shed blood of heretics. Create war to countries where there is peace. Only the Church can be the winner in times of peace. In Courts and Councils of any state, be whatever and whatever for the Pope. Because without the shedding of blood no man can be saved "(The Double Cross, Alberto Rivera Romero, 1981).

For example, according to Malachi Martin, an Irish Catholic priest and writer of the Catholic Church. Originally ordained as a Jesuit priest and professor of Paleography at the Vatican Pontifical Biblical Institute "What made Pope John Paul II more afraid was that he had discovered an irrepressible presence of an evil force in the Vatican itself and certain chancelleries of certain bishops. It was what men of the church of great knowledge called the "Super Force.". The rumors are always difficult to verify, linking its foundation to the beginning of the reign of Paul VI in 1963. In fact, Paul had alluded to the "smoke of Satan entering the sanctuary" in an unmistakable reference to a ceremony of enthronement of satanic in the Vatican. In addition, the incident of satanic pedophilia - Rites and practices - was already documented among certain bishops and priests as widely scattered as in Turin, in Italy and South Carolina in the United States. The acts of the cult of satanic pedophilia are considered by professionals to be the culmination of the rites of the fallen (satanic) archangels.

On many occasions he spoke of Satanism as the predominant practice within the Vatican. The list of figures like Martin talking about those things is long. The Reverend Gabriele Amorth is another example, he was a Catholic priest and an exorcist of the diocese of Rome which is administered by a branch of the Roman Catholic Church. Malachi claims to have carried out thousands of exorcisms in his decades as a Catholic priest, and has mentioned more than once how Satanism was practiced in the Vatican. He has also claimed how girls were kidnapped by a group of Vatican police and foreign diplomats. He claimed that these girls were recruited for Vatican parties and sex crimes were committed.

Perversion and sexual rituals go hand in hand with Satanism. According to the Telegraph newspaper, and several sources, Amorth was an exorcist chief of the Holy See for 25 years. "The devil resides in the Vatican and you can see the consequences ... the evil influence of Satan was evident in the high ranks of the Catholic hierarchy, with cardinals who did not believe in Jesus and bishops who were bound to the devil." Alfred Kunz, a Catholic priest, was murdered in a church in a ritual manner after investigating allegations of ritualistic sexual abuse by priests.

Again, the list goes on and on and it's long.

A quote from Ignatius of Loyola of 1540 is: "Finally leave everyone with as many arts as they can gain the ascension over princes, nobles and magistrates of every place they are prepared for our order, even to sacrifice their closest relations and closest friends when we tell them to our interest and advantage."

### • **THE COUNCIL OF 13:**

Also known as the Council of the Druids or the Circle of Sages, is one of the most powerful but the most powerful existing group. The families that compose it are the same as those cited in the chapter on financial power. It is composed of what is called

the 13 families of the Illuminati in Fritz Springmeier's book. Its objectives are described in the book of the Protocols of the Elders of Zion and have been cited by multiple sources, especially many of the victims MK-Ultra that I will quote in the chapter of Mental Control.

They are all Jewish Zionist families but in reality they are not Jewish but satanic and not even that as Brice Taylor (MK-Ultra victim and personal computer of Henry Kissinger) narrates in his book "Thanks for the memories" David Rockefeller and Henry Kissinger They laughed at the satanic but found them a very useful form of mind control. That is, you have a group of people, the satanic, who instead of believing that they have been hypnotized believe that they have been possessed, instead of believing that they have been deceived, they will blame divine beings. I believe, very honestly after studying in depth the elite that governs us that their only religion is power and control, also money, only as a way to get that control and that power.

Its objective is global control through the establishment of a secret world government that the people would not vote and would not even know exists. Attempts have been made to ridicule the book of the Protocols of the Elders of Zion, however, it is perfectly narrated in this supposed meeting of powerful Zionist families what is already a reality in the world. Tsar Nicholas II and his whole family was murdered shortly after publishing this book in his country and is currently very censored, it is almost impossible to find it on paper, fortunately it can be found online. I will quote some paragraphs and invite the reader to read it.

"We are interested in governments that make and fulfill our Jewish plan and interests, be it called liberal, conservative, communist, capitalist, socialist, etc., that all these political ideologies are Jewish inventions." Capitalism and communism were both financed by Wall Street and company, something I will not discuss in this book but it is fully documented. They create and finance the thesis and antithesis to control both. Whoever wants to investigate this fact I recommend the books of Antony C. Sutton "Wall Street and the Bolshevik Revolution" and "Wall Street and the Hitler Uprising" but there are many more.

"A president of any country, of any political ideology, is just one more of our slaves, for our Jewish plan, the death of a president, does not have to mourn, if it is to help that plan." I stress that these They are not Jews but Satanic and really not even that. The only gods they idolize are power and control. You can find videos of authentic Jewish rabbis denouncing them. After all, anyone who is a true believer of God must believe in love as the only law regardless of the religion to which he belongs.

This Council of the 13 also called the Sages of Zion has a great influence on all secret societies including Freemasonry as described in this quote from The Jewish Chronicle (London), Dec 20, 1867, p.7. Letter to the editor. "There is not, nor can there be, any objection about the Jewish brothers who rise to the highest offices ... in the Royal Arch Masonry, it has been universally admitted by the order, in fact, to use a well-known axiom among us 'Judaism is Freemasonry, and Freemasonry is Judaism.'

- **THE ILLUMINATI:**

I have already commented in the previous chapter that, "In order to counteract the papal prohibition of the Jesuit Order, they found, through Lorenzo Ricci eighteenth General Superior of the Order, on May 1, 1776 the Order of the Illuminati in Bavaria , using Adam Weishaupt who was also a Jesuit and professor of Law at the University of Ingolstadt. Then the Jesuits go on to become a secret sect. Already in his time Adam Weishaupt makes reference to the term "Nuovo Ordun Seculorum". The election of the city was not coincidence since Ingolstadt "the city of the Jesuits", "during the Counter Reformation, Ingolstadt did more than any other University to defend the Catholic faith and it was for the Catholic Church in southern Germany the same that Wittenberg for Protestantism in the North "(Catholic Encyclopedia, 1910. Vol. 8, page 8). The Jesuits already in this era directed more than eighty universities. "

According to the journalist Benjamin Fulford in his article of August 23, 2018 "There is a lot of confusion with the terminology, with people wanting to say different things. For example, when they use the word "Illuminati" for many it is an expression to refer to the top of the elite. In the real world, there are two groups that call themselves "Illuminati." One is the descendants of the Caesars and the bloodlines of the ruling class in Europe. The other group is an opponent of the bloodlines of the ruling class and claims to have started the revolutions of America, France and Europe (like the communist one).

In my articles I refer to the latter as the Illuminati Gnostics, and the other as the Masonic Lodge of the P2 (The Masonic Lodge of the Vatican) or the British Royal Family, depending on what faction of the bloodlines I am referring to. Remember that as a reporter I get this information firsthand by meeting with the representatives of these groups ... for convenience and easy understanding, I use the term "Mafia Jázara" to refer to the factions that govern the planet involved in high level criminal activity. You probably have used terms like the Israeli loby, neo-cons and oligarchs to describe the same groups. "

As we can see, all these power groups have strong ties to each other and many of their components belong not to only one but to several of these groups at the same time. That is to say, one can be a Jesuit and at the same time Mason and Illuminati. It is not incompatible and in fact it is very common since many of those who founded these groups previously belonged to another of the already existing power groups. Remember that the club at the top of the pyramid is very small and everyone knows each other. An example of so many is the case of William Schnoebelen, who was a 90 degree Mason at the same time as a Catholic priest and Satanist priest and was also introduced to the Illuminati.

## • THE BOHEMIA CLUB:

Also called "Bohemian Grove". First of all, mention that the symbol of the Illuminati and the Bohemian Club is the same, the owl that represented the goddess Minerva of Ancient Rome and Athena in Ancient Greece. "Goddess of Wisdom, the arts and military strategy, in addition to the protector of Rome and patron of artisans." It is one of the most powerful groups that exists founded in April 1872. They meet once a year in July. The owl symbolizes for this Club the god Moloch or Molech, a god worshiped by "the Canaanites, Phoenicians, Carthaginians and Syrians identifying with the god Cronos or Saturn" who ate their children and to whom human sacrifices were made since antiquity.

There are multiple testimonies, especially from Victims of the MK-Ultra project such as Cathy O'Brien, Arizona Wilder and Brice Taylor who claim to have witnessed human sacrifices and multiple crimes in this Club that meets annually in July in California in the Redwood forests of the county of Sonoma in an area called Monte Río. However, the most important visual testimony is the video recording and publication of Alex Jones of a ritual of human sacrifice within the enclosure under a large statue of an owl, symbol of this Club. You can see how he is burned alive and his cries are heard in the ceremony called "Burning of worries".

Many of the characters that attend are part of this Club are the same as those already mentioned but we will highlight certain names such as Richard Nixon, Ronald Reagan, Bush father and son, Henry Kissinger, Donald Rumsfeld, Dick Cheney, Dwight Eisenhower, John Kerry, Michel Rocard (former French Prime Minister), John Major (former British Prime Minister), Valery Giscard (French President), influential figures in the entertainment industry and intellectuals such as Mark Twain, Oscar Wilde, Jack London or Arnold Schwarzenegger, media, politicians and congressmen, powerful magnates of the oil and arms industry and a long etcetera. Many of its components are Skull and Bones.

Its members are called "owls". The owl is an animal that sees in the dark, therefore sees what no one sees, that is why it is related to wisdom since it sees what the ignorant ignore. The owl in the hieroglyphs of Ancient Egypt is the letter M related to Freemasonry. For example, an abbreviation of the 33rd degree of Maestre Mason is M.M. But in addition Minerva was a goddess of the hunt and one of the satanic rituals carried out by this elite related by Brice Taylor (Victim MK-Ultra and personal computer of Henry Kissinger) is to strip children and drop them in the forest to be hunted, raped and in some cases murdered.

A strong secrecy surrounds this Club however it is known that you have to pay \$ 25,000, change for the elite, to enter. Activist Mary Moore has been demonstrating for years and states that "We are using the Bohemian Grove as an example. We want people to

realize how the world of politics and high finance works. Let them see how what they discuss privately then affects us all. "

Finally I recommend to read the book and interviews of the testimonies of Cathy O'Brien, Arizona Wilder and Brice Taylor about their experiences in this Club. Said by Cathy O'Brien herself "I always committed to world leaders through strange sexual activities, filmed in secret, like my experience in Bohemian Grove. How many leaders today are following certain policies against people because, if not they did, the evidence of their sexual exploits would be revealed?".

### • **SKULL AND BONES:**

As mentioned before "The Jesuits also created Skull and Bones founded at Yale University by William H. Russell and Alphonso Taft in 1832 and survives to this day. The oath of this secret society is similar to that of the Jesuits. Russell (remember that Russell is one of the 13 Illuminati families) had traveled to Germany where he met Weishaupt and founded an American illuminati, a reflection of the Bavarian.

The symbol of the skull and crossbones appears in the fourth oath of the Jesuits. It is made with the Vatican flag and another with a red cross and a sword along with the symbol of a skull and two tibias. We found this skull symbol and two tibias in masonic skirts and Catholic churches, as well as among the Nazi SS (remember that the Nazi movement was founded in Bavaria, in the same region of Germany where the Illuminati, are founded. It is in the border with Frankfurt, headquarters of the Rothschild family) and we also find it in uniforms of the United States Army.

George W. Bush and John Kerry belonged to this secret society. At the time one candidate was nominated by the Republican Party and the other by the Democrat. They were interviewed and questioned about it in 2004 by journalist Tim Russert and evaded both talking about the issue, however they do not deny that they are members. Many important personalities have belonged to this society founded at Yale University as Secretaries of State (William Maxwell Evarts), congressmen, heads of the Ministry of Justice (Morrison Remmick Waite), senators (Orris Sanford Ferry, William Barrett Washburn), judges (Rensselaer Russell Nelson, Francis Miles Finch), presidents (William Howard Taft, George Bush father and son), lawyers, bishops, Secretaries of the Treasury and Navy, professors and many others.

Skull and Bones is and remains one of the most important secret societies in existence. Its influence is great and as it has already been mentioned, very relevant personalities belong to it.

## • THE SATAN CHURCH:

The Church of Satan was founded in 1966 by Anton Szandor LaVey. Satanism is a cult to which many of the existing Secret Societies belong or are linked. A person can be a Catholic priest and at the same time priest of the Church of Satan and belong to several secret societies at the same time as is the case of Bill Schnoebelen who was a Catholic priest and both satanic and Illuminati. Personalities as relevant as the Rockefellers have founded the 666 Lodge in New York.

Manly P. Hall was a leading American writer who wrote several books used by the Church of Satan. He was initiated into Freemasonry years after writing the book "The Lost Keys of Freemasonry". Anton Lavey speaking of Freemasonry affirms that Freemasonry is at the root of his Church. The reason that it is secret is in order to prevent the people from finding out about the true nature of those who govern them. At the same time within Freemasonry itself or any secret society, there are different levels of knowledge, called degrees in Freemasonry, these levels are compartmentalized so that grade 1 does not know what 10 does, nor 10 what 30 does and so on.

These secret societies are interrelated and at the top all are known and related, in that small group of 8000 people that make up the top of the pyramid mentioned by the banker Ronald Bernard in the chapter of the Bank for International Settlements. Gabriel Lopez de Rojas, Mason grade 33 by the Scottish rite says that the Order of the Illuminati and the Masonic Order are Luciferian cults. To overthrow and control all government and religious institutions is their goal.

Many testimonies of scholars and members of these cults claim that especially Satanism comes from the ancient worship of the god Baal for which children were already sacrificed in antiquity and many of these families of power go back to the period of the Phoenicians and Carthaginians who made this type of sacrifice. Human sacrifice, especially of children, of which Ronald Bernard was a witness. It is a common practice in these societies. In an interview with Rabbi Abraham Finkelstein, he says: "We rob between 100,000 to 300,000 children a year here in this country (USA), we extract their blood and mix it with bread and then we throw their bodies into beheading houses that we own, and we crush all the bodies in sausages and hamburgers ... And people, eat them for breakfast, eat their children for lunch. "

We must understand that the concept of Lucifer in these societies is not seen as a negative being, at least as far as the lower ranks are concerned, but rather it is romanticized giving him a vision of a rebel who gave knowledge to humanity. God would be seen as an oppressive and dictatorial being who enslaves humanity. Many of the Christian practices are performed by the satanic doing the opposite of what a Catholic priest would do. Likewise, many of the lower ranks may not be involved in these criminal human sacrificial practices or even have knowledge about them. These sacrifices would be made as a form of control and oppression since they are recorded and then the member of the corresponding cult can be threatened with denouncing it by delivering

the recording to the authorities if he denounces these practices, as we will see in the chapter of Gang Stalking, speaking of the former director of the FBI Ted Gundersen who denounces these sacrifices and human trafficking giving the address of the CIA, the switchboard of this criminal network, and Ted Gundersen took several of them to jail through the "Franklin cover-up" case.

- **BLACK SUN ORDER:**

It is a very powerful and influential secret society. Linked to the Vril Society and the Thule Society founded in the early twentieth century and linked to the rise of Nazism and to which members of the Nazi SS included Hitler. This society was inspired by the novel *The Coming Race* of 1871 by Bulwer Lytton.

The Jesuit influence on the formation of these societies is mentioned in Terry Melanson's article about this society and mentions how they used methods of concentration inspired by Tibetan and Hindu Buddhist techniques. "These methods of concentration were probably based on the work of Ignatius of Loyola. Exercises Spiritual The Jesuit techniques of concentration and visualization were similar to teachings of the occult, especially in shamanic cults and Tibetan Buddhism. The Nazis revered these Spiritual Exercises of the Jesuits who believed that they had been given to them by Ancient Masters of Atlantis. "

In this paragraph of Wulf Schwarzwallner in his book *The Unknown Hitler* explains how "In Berlin, Haushofer had founded the Luminous Lodge or the Vril Society. The objective of the Lodge was to explore the origins of the Aryan race and to carry out exercises in concentration to awaken the forces of "Vril". Haushofer was a student of the Russian magician and metaphysician George Gurdjieff. Both Gurdjieff and Haushofer claimed to be in contact with secret Tibetan lodges that possessed the secret of "Superman." The lodge included members such as Hitler, Aalfred, Rosenberg, Himmler, Goring and Hitler's physician Dr. Morell. It is also known that Aleister Crowley (Founder of the *Ordo Templi Orientis*) and Gurdjieff tried to contact Hitler.

Hitler's unusual suggestive powers become more understandable if one keeps in mind that he had access to Gurdjieff's "secret" psychological techniques which, in turn, were based on teachings of the Tibetan Sufis and lamas and he was familiar with the Japanese teachings Zen of the Japanese Society of the Green Dragon".

- **ORDER OF THE KNIGHTS OF MALTA:**

The Order of the Sovereign Military and Hospitaller Order of Saint John of Jerusalem, of Rhodes and of Malta is another of the most powerful orders totally linked to the Vatican. Founded in the eleventh century in Jerusalem in the historical context of the first

crusades by merchants from Amalfi in Naples, Italy. A hospital order but also military. It is considered a lay Order and therefore also welcome non-religious members.

Most of the members are very relevant characters such as George W. Bush, William Casey (former Director of the CIA), J. Peter Grace (belonging to the Yale University involved in Operation Paperclip), Allen Dulles (First Civil Director of the CIA), Alexander Haig (former Secretary of State), Clare Booth Luce (First Congressman of the United States), John McCone (former Director of the CIA), Lt. Col. Oliver North (commentator of the Fox News channel), Vernon Walters (Former Director in CIA Funds), Joseph Kennedy (Founder of the Kennedy Empire), Frank Carlucci (Security Adviser and Secretary of Defense of the United States), Queen Elizabeth II of England, Tony Blair (former President of England), King Juan Carlos I of Spain, Dictator Francisco Franco of Spain and many more members of great power and influence.

#### • **FREEMASONRY:**

One of the oldest and most influential powerful groups is Freemasonry. Although many consider it a secret society, the Grand Lodge of the East itself told me that they do not consider themselves a secret society; nevertheless, it cannot be denied that it surrounds itself with a certain secrecy. Mason means bricklayer in French and its origin can be related to the Guild of Construction of the Middle Ages where you would find the most economically powerful people who are the only ones who could afford to finance the construction of buildings for both the population and especially the governmental and religious buildings. Freemasons have their own temples called lodges where they meet.

The official date of the foundation of the first lodge was that of the Grand Lodge of England on June 24, 1717. All other lodges in principle needed the permission of the Grand Lodge of England for its foundation to be authorized. The principles of Freemasonry are included in the book of James Anderson Constitutions of 1723 written together with Jean Théophile Désaguliers by order of the Grand Master of the Grand Lodge of England where he traces the origins of Freemasonry to the time of the creation of the world saying that Adam is the first Freemason. Women were not allowed in Freemasonry at this time and this is still the case in most of the lodges.

The Scottish rite is the most famous of all the rites of initiation and some of the most important lodges would be the Grand Orient of France, the Lodge of Edinburgh or the P2 lodge of the Vatican. Its components can belong to Freemasonry and other secret societies at the same time. Many of its components have been characters of great relevance and importance. There is a temple 33 Mason degree (The maximum degree that corresponds to the Grand Master) just opposite the White House. George Washington was a Mason and very proud of being one, in several paintings he appears portrayed with his mason apron.

Napoleon, Karl Marx, Stalin, George Washington, Benjamin Franklin and a long list of important historical personalities such as Pope Pius XII who governs during the Second

World War. Saddam Hussein, Yasser Arafat were Masons of the 33 degree. Joseph Stalin was Illuminati (Grand Orient Lodge) and freemason, said that the Russian industry was financed two thirds by the United States and one third by England. Leon Trotsky, Walt Disney, Henry Kissinger, J. Edgar Hoover, Aleksander Crowley, Tony Blair, Josef Mengele (Dr Green) also Illuminati, Robert McNamara, Pehr G. Gyllenhammar of the Volvo firm and the Committee of 300, Percy Barnevik also of the Committee of the 300, Billy Graham, Queen Elizabeth II, Ted Kennedy, Hilary Clinton. In addition, most of the astronauts who go to space are freemasons.

- Black Dragon Society
- Ordo Templi Orientis
- Scientology
- Opus Dei
- The Mormons

# **THE MK – ULTRA PROJECT**

## • TAVISTOCK INSTITUTE - MENTAL CONTROL PROJECT (MIND CONTROL PROJECT - MK ULTRA PROJECT):

Although the MK-Ultra or mind control project is closely linked to Operation Paperclip, the Tavistock Institute is one of the most important entities in the MK-Ultra mind control project aimed at individuals, groups or entire nations and even all of humanity. False flag attacks, for example, are ways of mental control at a global and national level, manipulating the population to wage war on a country that is allegedly guilty of the attack and creating a global trauma for all of humanity as a whole.

At an individual level it can be done through the Monarch Program based on a method by which people are systematically traumatized from childhood to divide their personality so they are able to program several of their personalities to do different missions. The frontal personality is the one that prevails in front of the public and the others are used to perform different missions. Dividing the personality is very useful for spies in which the frontal personality will never know what his other personality did in an important mission and therefore when questioned, his frontal personality will never recognize having carried out a mission even under torture since the mission was carried out by other personality.

At a global level, it is done to control cultural movements and groups of cultural influence through infiltration or financing these movements to control them. The feminist movement was funded by the Rockefeller Foundation to control the movement by encouraging the confrontation of men and women and also making both parents to work, the children were going to be educated by the state (school) or television or strangers such as caregivers .

According to Daniel Stulin, agent of the KGB "The Tavistock Institute in Sussex County in England is the world center of mass brainwashing and social engineering ... to control the world the elite needs to control the way of thinking of the human being. It's called cultural war ... to voluntarily enter the world of the post-industrial era of zero growth and zero progress is necessary to force a change of the image that the human being has of himself of the fundamental concept of what we are. "

According to David Christie "The Tavistock Institute has gone through several transformations. It appeared in 1920 as a clinic designed to study the neuroses of war in individuals during the First World War, its traumatic experience of having lived a conflagration so that its purpose was to understand and help the victims of the neuroses of war. Facing your traumatic experience. Little by little it was becoming one of the centers dedicated to the study of the so-called group dynamics. Anyway, I do not think you can understand what the Tavistock Institute is if you do not understand the transformation that the British Empire experienced and that is what Winston Churchill wanted to convey when he said the Empires of the future will be the Empires of the mind.

Low-intensity operations serve to assimilate the concept of brainwashing that naturally involves inducing this stress in people, then alleviating it and oscillating between the two states and thereby forcing the victim to choose a certain behavior. What low-intensity operations do is apply this concept to large groups of people. Tavistock had understood that the family was the most powerful psychoactive agent of all. One of his creations has been the therapeutic groups that provided the opportunity to take advantage of the power that the family had.

The most advanced of all the brutal practitioners of the new psychology was Dr. John Rawlings Rees, one of the founders of Tavistock. Rees discovered that the world of the unreal could be created in the social group if it forces a person to transfer their identity to the group in which they are subjected to the most extreme forms of suggestion, whenever that person's sense of real identity is destroyed. It can be manipulated as if it were a child.

How would this work? Missing a leading group expert and a group to create a powerful family environment, albeit artificial. Once such an environment has been induced, a therapist can manipulate a member of the group, not by direct attack but by subtle manipulation of the other members of the group, for example, by using suggestion. If the victim has been led to believe that the group is something that helps her when that environment has been manipulated and turned against her, she will tend to exert the same impact as the deep rejection of a mother.

The World Federation of Mental Health has a key position in mind control, in which John Rawlings Rees was its first president and the idea was to promote the concept of persuasion and create a massive psychology for the population but all this is part of the plan of world government. Margaret Mead who was later one of the presidents of the World Federation of Mental Health said that the concept of mental health is extensive to the order and the world community. That is, the need to place psychiatrists in key positions that allow them to play an important role in the administrative and social programs of governments and industry.

It should not surprise us that the late George Orwell conceived the 1984 book after having spent time with a group of Rees followers. I think this makes the intention of that organization very clear. Participating in the destruction of the sovereign nation-state is the modern form of imperialism that means eliminating nation-states and creating a world government composed of an international cabal of multinational cartels and banks, it is the modern form of the British Empire, a modern variety of what was the British East India Company. The intention of this organization was to induce a massive psychology to create a world government. "

Daniel Stulin adds that "Inaugurated in 1948 by the Cybernetics Group of the World Federation of Mental Health was one of the most deplorable projects launched by the world's leading sociologists, psychiatrists and anthropologists, the so-called psychiatric shock troops. That is, groups of psychiatrists who developed methods of political control

that pushed most of the population to psychosis using methods of so-called behavior modification programs. This measure was proposed so that the population would become submissive before the international economic order that would follow the Second World War. " I recommend watching Yuri Bezmenov's interviews about brainwashing but in this case the Soviet Union to brainwash whole nations.

Finally, anyone who wants to understand the MK-Ultra project in depth should read, to begin to understand its complexity and severity, the books of two of the most famous victims who have exposed this inhuman project. The one of Brice Taylor called "Thanks for the Memories" and Cathy O'Brien's "Trance Formation of America".

### • **THE OPERATION PAPERCLIP:**

The Paperclip Operation is called a secret operation by which thousands of Nazis were brought from Germany mainly to the United States, Russia and Latin America after the Second World War. According to sources of the Secret Space Project, including the designer of the ships Apollo William Tompkins that worked with the manager of the program Apollo, Wernher von Braun was brought to the United States through Operation Paperclip and he was previously in charge of the missile program in Nazi Germany, the immense majority also went to Antarctica founding a city called "The New Berlin".

In the case of the United States, it must be understood that 40% of the immigrants who first colonized this territory were Germans and therefore there was a lot of support for Germany as there were millions of people whose origin was German. After the war many of these citizens of German origin would change their last name to avoid the rejection of their American compatriots. The Nazis who came to the United States and other countries would be given a new identity and new names for the same reason.

This arrival of Nazis in the United States is closely linked to the MK-Ultra mind control project in the experimentation with civilians to test methods and tactics of mind control but also testing new weapons on people without their knowledge or consent. We must bear in mind that the Nazis were the first to create a Ministry of Propaganda and during the war they experienced brutally with a huge number of people in the concentration camps.

It is noteworthy that many of the families named in the section of the Italian black nobility and in the book of the bloodlines of the Illuminati, are from families of Jewish and German origin. It must be remembered that the Rothschild family was based in Frankfurt. Also, the important fact that both, the Illuminati and the Nazis, are founded in Bavaria, a German province. And highlight that the origin of Hitler is covered in rumors and mystery but many sources point out, such as the university professor the historian Andrei Fursov or the British journalist Gerrard Williams in his book Gray Wolf: The Flight of Adolf Hitler claim that Hitler died in Latin America and the unrecognizable body that appears in photos supposedly killed by suicide was that of a double.

## • THE BLUEBIRD PROJECT:

The Bluebird Project was born as part of the MK-Ultra Project. It is the experimentation on subjects for different purposes including the division of personality to create a subject that could perform secret missions without his frontal personality facing the public without being conscious of their other personalities.

As described in his book *Bluebird: Deliberate Creation of Multiple Personality by Psychiatrists* or *Bluebird: The Deliberate Creation of Multiple Personalities by Psychiatrists*, the Doctor. Colin A. Ross, former president of the International Society for the Study of Dissociation, describes unethical experiments carried out by psychiatrists to create amnesia, new identities, hypnotic access codes and new memories in the minds of experimental subjects.

His research is based on 15,000 pages of documents obtained under the Freedom of Information Act. They show that the Manchurian Candidate is a fact, not a fiction. The funding for these experiments of the CIA, Army, Navy and Air Force is proven by documents from the CIA and the publications of the doctors themselves who carried out these experiments.

Bluebird proves that there was intense political abuse of psychiatry in North America through the second half of the 20th century, perpetrated not by a small number of treacherous doctors, but by leading psychiatrists in their field, psychologists, pharmacists, neurosurgeons and schools of psychiatry and medicine.

## • THE MOCKINBIRD PROJECT:

"Operation Mockingbird was a secret campaign carried out by the Central Intelligence Agency (CIA) to influence the media. It began in 1950 and was originally organized by Cord Meyer and Allen W. Dulles, and was later directed by Frank Wisner after Dulles became head of the CIA.

The Organization recruited leading American journalists in its field in a network that helped the CIA's objectives, and funded some student and cultural organizations, and magazines as a front for this operation. As it developed, it also worked to influence foreign media and political campaigns, as well as other CIA operative units. "

Declassified documents:

CIA Records on Operation Mockingbird [6 Pages, 1.46MB] - According to the CIA, these are the only documents about Mockingbird.

<http://documents.theblackvault.com/documents/cia/operationmockingbirdCIA.pdf>

### • **THE GLADIO OPERATION:**

Operation Gladio is widely documented and is an operation by which numerous false flag attacks were carried out throughout Europe by the Western Union Intelligence Services that was created through a Treaty carried out in 1948 between France, the United Kingdom and the Benelux Union and later by the member countries of NATO with a strong intervention of the CIA and the British MI5, in these operations for which these false flags attacks were committed between 1960 and 1980. It was sought to falsely blame communist groups from the countries belonging to the former Soviet Union.

This operation can be seen as a forerunner of the subsequent and current false flag attacks by which radical Islamic groups are blamed to justify a subsequent intervention, invasion and the creation of wars against these countries to steal their resources. Note that during this period The head of the secret service of the Federal Republic of Germany (West) Reinhard Gehlen was a former Nazi who could lead the German Intelligence Service probably due to Operation Paperclip by which many ex-Nazis were given a new identity after the Second World War.

These false flag attacks were also carried out in order to facilitate the establishment of a radical fascist regime and curb support for the European Communist Parties, especially Italian with great support among the civilian population. These operations came to light in 1990 thanks to Giulio Andreotti, in that time Chairman of the Council of Ministers of Italy and in the same year they were condemned by the European Parliament.

We must see this type of operations in a context of the Cold War where the possible latent conflict between the Soviet Union and the Western countries was latent and tensions between the two blocs were constant.

### • **FALSE FLAG ATTACKS:**

#### **- 9/11 New York, E.E.U.U. (2001):**

It is said in many sources that one of the reasons for the false flag attack in New York was not only to create a war against the 7 countries that were not yet under the control

of the Central Bank but to hide the fact that one day before the attack on September 11, then Secretary of Defense Donald H. Rumsfeld admits that 2.3 trillion dollars have been lost in transactions from the Ministry of Defense. This is related to a CIA Security Act of 1947-49 that allowed the transfer of large amounts of money without a trace. Senator Cynthia McKinney says the enemy is close to home, in the pentagon.

It is impossible to enumerate the huge amount of specialists from all fields that exposes that the attack of the Twin Towers of September 11 was a false flag attack created by the United States to justify successive subsequent wars but we have Generals like General Wesley Clark , General Albert N. Stubblebine III responsible for the entire Strategic Intelligence Army around the world. Firemen like Erik Lawyer, architects like Richard Gage and engineers. Former CIA agents like Robert Steele, journalists and many more experts and specialists around the world.

Apart from the remnants of thermite used in the controlled demolition of buildings that can be found in the analysis of the remains after the attack picked up by experts and the smoke chimneys that are visible to the naked eye when the floors exploded in the demolition, there is still something more interesting and is the fact that the aircraft were made with 3D animation as shown in the documentary of the virtual animation expert Ace Baker in his documentary "9/11 The Great American Phy Opera" in which he interviews the cameraman in charge of editing.

I recommend to the reader to deeply investigate each of these testimonies and the many more carefully and draw their own conclusions.

#### **- 11M Madrid, Spain (2003):**

First of all, it should be noted that the attack occurred in 3 stations; however, in which there were more deaths is the station of Atocha in Madrid that coincidentally has been aligned practically in a straight line with one of the two monuments dedicated to lucifer that exist in Europe and it is the statue of the fallen angel located at 1000 meters or less than Atocha, in the Retiro park. If someone thinks at this point that it is a coincidence, he has not understood anything about how human symbols and sacrifices are fundamental to these cults, especially Satanic or Luciferian ones.

The Colonel of Infantry and ex-worker of the CESID Diego Camacho, with a Diploma in Special Operations, Bachelor of Political Sciences and Master in International Relations, explains how the 11M attack was provoked by the Spanish Secret Services through the terrorists, who were confidants of the National Police, Civil Guard and the CNI that are under the mandate of Cabal. Even the recordings of these confidants who transported the explosives by calling the police are conserved since they did not know what they were transporting and when they realized they wanted to inform the police themselves that they are told to continue with the work.

### **- 11M Tsunami Fukushima, Japan (2011):**

Benjamin Fulford explains how it was a nuclear bomb that was placed on the seabed on top of the tectonic plate in which the one that triggered the Tsunami was detonated. He explains how David Rockefeller had visited Japan a few days earlier to bribe the Japanese government by saying that they had to give him an astronomical amount of money and threatening to send the tsunami if they refused.

### **• TED GUNDERSEN AND FRANKLIN COVER-UP - MK- Ultra, Pedophilia and Satanism at the CIA:**

Ted Gundersen was former FBI Director of the State of California for 20 years. He started as an agent. He talks about the old FBI made up of agents who began step by step and were rising in the ranks and the new FBI with agents and directors handpicked by the deep state and who had never been agents before. He exposes all the satanic network carried out by the CIA kidnapping children and their murders in rituals. He even provides the address of the CIA office that controlled the entire process. He also denounces the practices of the MK-Ultra mind control project.

He prosecuted several pedophiles for performing rituals with children brought from orphanages in the "Franklin cover-up" case. Photographer of these murders Russell E. "Rusty" Nelson refused a \$ 100,000 proposition from Hunter Thompson to film the sexual abuse of children in rituals in which they would be killed. They record them doing it to be able to bribe them in case they want to go to the police. Besides I suppose they trade with these videos on the black market.

Ted Gundersen also exposes the chemtrails that I will discuss in the HAARP chapter and said that they were controlled by NATO. He presented himself to be president of the United States and they rejected him because he was not from the Satanic cult and he would have exposed all these crimes. He claimed that he was being poisoned because in the blood tests cyanide was found and he died in fact poisoned.

He protected Brice Taylor, MK-Ultra victim from the MK-Ultra program and author of the book "Thanks for the memories". The actor Bob Hope was Brice Taylor's handler and she was programmed to be Henry Kissinger's personal computer. She was tortured since she was born to become a MK-Ultra and they even forced her birth on President's Day as her role was to become a prostitute of the Presidents of the United States. She exposes multiple crimes of the elite that she witnessed in first person.

Robert Steele, a former CIA agent, also denounces the problem of pedophilia in the shadow government and especially within the secret services as well as human trafficking and the fact that the CIA had become a criminal organization in which the bases of the US military around the world serve as centers for money laundering, drug trafficking and human trafficking.

# **THE WORLDWIDE GENOCIDE AGENDA**

## **The engineering of species and humankind extinction:**

"Depopulation should be the highest priority of foreign policy towards the third world because of the U.S. economy will require large and increasing amounts of minerals from abroad, specially from less developed countries "

Henry Kissinger

"If I were reincarnated I would wish to be returned to Earth as a killer virus to lower human population"

Prince Phillip, Queen Elisabeth's husband

"A total world population of 200-300 million people, at 95% decline from present levels would be ideal"

Ted Turner, founder of CNN

"To really reduce population quickly, you have to kill the ills in fighting and you have to kill significant numbers of fertile age females"

"The quickest way to reduce population is through disease like the Black Death"

Thomas Ferguson, State department Office of Population Affairs

My dear Lords and Ladies and my dear fellow citizens, subjected to so many lies and generational brainwashing for as many centuries and millennia, let us do an exercise of reflection. The problem is not and never has been the scarcity of resources, the problem, for anyone who has studied minimally the distribution of resources and wealth of any kind (Industrial, economic, food, commercial, etc.) at the state, national or global level of any country, time or civilization, it is and always has been the waste and misuse and distribution of those resources. The problem is not that there is not enough for everyone. The problem is that a few people have a lot.

You do not need to be an expert in the subject, you only need to have studied a bit of History to realize this because it is not a new problem but very old and that has led to multiple peasant rebellions and all kinds of the times and civilizations. And if not, you can ask a peasant tied to the land in the Middle Ages without ever being able to travel from birth who had to give the Lord 40% or more of his harvest in European feudal times, for example. At a time when talking about the rights of citizens was a utopia that could lead you to death, like so many activists today. A bit of historical rigor, of historical justice and a minimal deductive logic and a bit of plain and simple truth, please.

If the food were not enough for everyone, they would be no need to design infertile, seedles transgenic plants that die after a life cycle. Let's reflect, then, why is it necessary to reduce the population according to the minds of psychopaths? In my opinion, everything is reduced to CONTROL.

It is impossible to control a herd of millions of sheep with a single shepherd, no matter how good a shepherd you are. And therefore, to be able to spy on everyone, control everyone and subdue all slaves, those slaves must not exceed a default number that surely his studies of statistics already estimated how much it should be reduced to get docile slaves. As when you segregate animals to be docile, you do the same with human beings if you consider them as animals, lacking all ethics and humanity yourself. And more importantly, these slaves should not know that they live in a prison or that they are being exterminated or used as food. Every sheep that realizes this and tries to warn its comrades will be totally exterminated and silenced. Like Kennedy, like John Lennon and like so many millions of others that no-one will ever know.

## • HAARP AND THE CONTROL OF THE CLIMATE AT GLOBAL LEVEL

"Sun Tzu said:

War is of vital importance to the State, because the battlefield is the place of life or death, the road that leads to safety or ruin. The art of war is governed by five fundamental factors that we must take into account in order to determine the conditions existing on the battlefield. The first of these factors is the moral law; the second, the weather; the third, the terrain; the fourth, the command, and the fifth, the doctrine.

The moral law causes the people to be in harmony with their rulers, so that they will follow them in life and in death, without fear of putting themselves in danger of death.

Climate means the interaction of natural forces. The effects of cold in winter and heat in summer, as well as the direction of military operations according to the annual seasons.

The terrain implies distances and refers to the greater or lesser ease that there is in traversing them, the cleared or closed nature of the terrain and the possibilities of survival that it offers.

Command represents the qualities of wisdom, equity, humanity, courage and discipline.

By doctrine it should be understood the organization, control, promotion of officers at a convenient range, regulation of supply routes and care to supply the essential needs of the army. All generals must know these five points. Those who dominate, succeed; those who are not, are defeated. "

--The Art of War. Sun Tzu: Chinese General who lived in the 6th-5th century BC--

- **HAARP:**

Even two thousand and five years ago the importance of the weather in war is remarkable. "High Frequency Active Auroral Research Program or HAARP was a program funded by the United States Air Force and Navy, the Defense Advanced Research Projects Agency (DARPA) and the University of Alaska. "According to Wikipedia.

I will start by explaining the experiments told by the scientists of the HAARP facilities in videos that can easily be found on the internet and performed in the laboratory and explain their operation in detail. HAARP was a supposedly disused facility, but many more were built after all around the world, dedicated to climate control through radio frequencies and other methods. For example, artificially heating the atmosphere through microwave waves to make artificial anticyclones and prevent storms that can destroy crops or create destruction. But this combined with other methods such as the Chemtrails can provoke induced droughts in enemy countries robbing them of the rain as in fact denounced Iran in practices taken by Israel, according to them in 2018.

In these experiments you can see the scientists of the installation itself explaining not only how the climate can be manipulated by undoing or creating rain and storms but also how artificial earthquakes can be created. The scientist puts a loudspeaker as an example, making the surface on which it is located to rumble simply by sound waves. So, these waves can be used to create artificial earthquakes. They can also be used to discover underground materials or minerals according to the response and analysis of

waves projected onto the ground. An experiment of a related scientist that was carried out, I believe that also in HAARP was the control of lightning so that they fell in a certain place which is very linked to the control of storms or hurricanes. This is something that Tesla already studied more than a hundred years ago.

The [geoengineeringwatch.com](http://geoengineeringwatch.com) page is quite right to comment:

"Most people never even heard of HAARP, but in fact, HAARP installations exist and are most likely responsible for a lot of foul weather and earthquakes in the past 15 years. Investigate and you will find the facts. Or just stay ignorant and blissful. It's up to you.

Your Country / family / friends / patriots, fellow human beings, nature and our Mother Earth need you to "WAKE UP". This weapon was brought into the world over a hundred years ago by Nikola Tesla and patented by Bernard Eastlund.

US PATENT # 4,686,605 "

<http://patft.uspto.gov/netacgi/nph-Parser?Sect2=PTO1&Sect2=HITOFF&p=1&u=/netahtml/PTO/search-bool.html&r=1&f=G&l=50&d=PALL&RefSrch=yes&Query=PN/4686605>

I have not investigated the fact whether it was Tesla who created these weapons but surely their patents inspired or imitated them since Tesla is famous for his interest in controlling storms and lightning to be used as energy. But what I did investigate were these videos from HAARP's in which their own scientists describe the uses of the facilities and experiments carried out in the laboratory in the documentary itself. I have to say that they are quite old documentaries of the late 90s, the beginning of the first decade of the 21st century. And I find it difficult to find documentaries or current recordings of the installations.

#### • **CHEMTRAILS AND THE CONTROL OF THE HYDROLOGICAL CYCLE:**

The Chemtrails, related to the HAARP project involve the manipulation of the climate and the hydrological cycle through the manipulation of rain, storms, hurricanes and other meteorological phenomena by injecting aerosols into the atmosphere. They are anthropomorphic clouds or created by human beings that can be sown to create storms but also and mainly to dissolve them. For the dissolution of rains there are also rockets widely used by farmers who throw these chemicals into the clouds to dissolve them and prevent harvests from being harmed. What you have to think about is whether the chemicals that we send to the clouds to protect the crop are worse for the harvest and the human being than the storms themselves.

Chemtrails are composed of several chemicals but among them the high concentration of silver, barium, strontium and aluminum iodide stands out. According to many

scientists, air personnel including pilots of the armed forces, biologists, chemists and experts from all fields Chemtrails are composed of chemicals not found in the natural state, formed by nanoparticles (nanometer is one billionth of a meter) of different compounds including metal such as aluminum that are breathed by all living beings and introduced throughout the natural chain through its scattering through the atmosphere of the entire planet. These chemicals in their natural state should be in small quantities or nonexistent and yet they are found in nature by soil or water analysis in much greater quantities than allowed.

Notable is the "Hearing on Covert Chemtrail Operation, Scientific experts testify" performed at Shasta in the United States on July 15, 2014. Numerous scientific experts, air and More testified about the Chemtrails in this Hearing. Some of the testimonies of this Public Hearing are among the experts that I will name below:

Some outstanding testimonies are:

**– Kristen Meghan (Air Force Veteran):**

She exposed the danger of these chemical substances, her job was the maintenance of healthy levels of chemical substances. By communicating to a superior her findings about the harmfulness of the quantities of chemicals harmful to human beings, he responded by threatening her with the life of her daughter. As she says in the interview with Global Sky Watch:

"Aluminum and barium are the metals we have found (and continue to find) in great excess in soil, rainwater, dust, and blood samples. These are the same metals associated with numerous patents, which describes the mechanisms and processes of injecting aluminum and barium into jet engines for the purpose of spraying them into the atmosphere; a process called "geoengineering" by scientists. This also explains why the public witnessed the sudden appearance of trails coming from jet engines which never produced them previously. "

Because they are not water or steam, they remain and expand like a chemical spray cloud and do not dissolve within a few seconds as a natural wake of water vapor.

**– Ted Gunderson (Former Director of the FBI):**

He was Director of the FBI for twenty years. In a video made on January 12, 2011 it says:

"The death dumps, where the chemical trails are, are being dropped and sprayed throughout the United States and England, Scotland, Ireland, and Northern Europe, I have not seen them in the United States, but in Mexico and in Canada. Birds are dying around the world Fish are dying by the hundreds of thousands around the world This is

poison This is poison, This is murder by the United Nations This element in our society that is doing this must be stopped The planes are out of the Air National Guard in Lincoln, Nebraska, and the other plans are out of Fort Sill, Oklahoma.

I personally have observed the plans that were standing still in Nebraska - Lincoln, Nebraska - at the Air National Guard. They have not markings on them. They are huge, bomber-like airplanes with no markings. This is a crime: a crime against humanity, a crime against America, a crime against the citizens of this great country. The must be stopped. WHAT IS WRONG WITH CONGRESS? This has an effect on their population, and their people, and their friends, and their relatives, and themselves. What's wrong with them? What's wrong with the pilots who are flying these airplanes and dumping this crap, this poison, on their own families? Somebody has to do something about it. Somebody in Congress has to step forward and stop it now. Thank you. I'm Ted Gunderson”.

### – Jeff Nelson: Pilot of the Air Force

He was a pilot of the United States Army and later for many years as a commercial pilot and flight instructor in the United States. He states that "The contrails, not the chemtrails but the contrails or condensation trails, occur because the cold air is minus 30, you have to be at high altitude like 30,000 feet or more. There is carbon dioxide and water vapor. That turns into ice crystals, those crystals heat up and disappear and never last more than a minute.

What we are seeing now and at first I could not believe it and I started to look at the skies and this is not natural, it is not normal. Something is happening. I do not know who is doing it and why he is doing it, all I can testify is that it is not natural and it is not normal”.

### – Iraj Sivasdas: Member, Union of Concerned Scientists:

"Airplanes making a condensation trail are very similar in many ways to when you go out on a cold day and when you exhale you create a trail of condensation, that small cloud is a condensation trail. Now, if you take a two-mile stroll by releasing condensation trails and you can go back and see all the trail left over the two miles. That's as crazy as thinking that what we see in the sky are "natural condensation trails created by water steam ...

There is a huge amount found (in the analyzes) of aluminum, because these chemical spills have aluminum, strontium, barium, manganese and there is a lot of discussion that aluminum is commonly found but aluminum is only abundant in mineral form but not floating freely everywhere or in the sky floating in elevated areas of the ground as we are finding. "

"We have clouds in the sky that we have never seen before. Almost every day I see clouds that I had never seen before. And N.A.S.A. He has even named some of these clouds. It is very interesting but N.A.S.A. It is a corporation. I want you to know that".

**– Francis Mangles: 35 years working as Biologist for the United States Forest Service:**

His work is based on analyzing the water and soil of natural parks. At a conference on Chemtrails in Shasta says that insect populations have descended a lot and that like "The previous speakers. I have observed exactly what they are doing and yes, they are correct. I have seen exactly the same.

Do you want some figures? Ok, in the last water test, the rain test gives 13,100 micrograms per liter of aluminum, this in November 2013. Normally it should be zero. So 13,100 is quite elevated gentlemen.

It used to be zero, then it went to 100 in the year 2000 and then since 2010 it's over 1000 and the last of 13,000. In the snow of Mount Chester, the pristine Mount Chester 61,000 micrograms per liter, four times the amount that we find in the ground. Where does this material come from if it does not come from the ground? "Since aluminum has not been in nature in a natural way except as a mineral that is extracted in certain areas. Therefore if it appears in the hydrological cycle of the water and in the soil it can only be spread from the sky with airplanes.

**– Allan Buckmann - Former Military Meteorologist / Fish:**

"I am here to give you testimony that Chemtrails, they are not Contrails, are really real. They are spreading almost every day ... I have seen the clouds and I have seen the spreading and the program in operation.

I want to tell you that we are in serious danger due to the pollution that is falling on us and we have been deceived by the military industrial complex. And they are responsible for the creation of clouds and climate manipulation programs. Your covert operations. That's why they do not appear out there in the Media".

**– Mark McCandish: Industrial technician of the Ministry of Defense:**

"N.A.S.A It has also carried out research programs in what are called "metallized fields" in which they are putting aluminum dioxide right in the area because it has two

aluminum atoms and three oxygen atoms so in the combustion process it gives off all that oxygen And it increases the efficiency but leaves all that aluminum in the air.

The Air Force began a study beginning in 1993 that was called "In vitro toxicity of aluminum nanoparticles in the white cells of the lungs of rats". And what they found in this study is that if these particles if you are exposed for quite some time suppresses the ability of your white cells to defend you from air infections that may affect you. That is, it suppresses your immune system. "

**– Dr. Steven Davis: Doctor:**

"We have things falling from the sky and it's a big, big problem. Because while it falls, a couple of things happen. And that it is in fact in the air we breathe and while we breathe it will actually go to our nasals, to our brain, it facilitates access to our brain. Among the pollutants that have been identified and mentioned are aluminum. Aluminum is the number one free radical generator of the brain that causes early hepatosis which is early brain death. And it starts to damage the brain tissue that we call the mengula that is part of the cause of all alzheimers.

That is the number one problem because when we see the question of the alzheimers we say: Those are the old ones. The real problem and the real fear I have is that since I am a father of two and I am a grandfather of three. So the drama is our children, the Attention Deficit Syndrome appeared in the 70s. The autism was not on the radar, there were no documents, there was no information, it was one in every one hundred thousand children. Today what we have is one in every forty-eight children.

It was part of the first group that was looking for aluminum in children with Attention Deficit Syndrome and all those children who started to develop these phenomena had high levels of aluminum. When we deluded protocols to detoxify them, to free their body of those particular contaminants, their brain came back. When we do this to the elderly, it does not come back so quickly but it will come back. But I'm seeing alzheimers now in fifty-six. Before the alzheimer is when you were eighty. "

We could continue like this eternally. There are experts in all fields. Many studies and analysis of samples in water, soil, humans and animals and plants and all say the same. To conclude I quote this article in which an anonymous scientific report is shown that corroborates the millions of testimonies from non-anonymous experts.

<https://basta-chemtrails.blogspot.com/2014/02/cientificos-descubren-la-verdad-sobre.html>

"Scientists discover the truth about chemtrails.

Scientists demonstrate through experimentation that the wakes generated by some aircraft are actually composed of a chemical substance: dihydrogen monoxide or DHMO.

This chemical compound is characterized by lack of smell, taste and color. Since ancient times its properties are known and in large quantities can be highly dangerous and can even become mortal. The ingestion of high doses of hydrogen monoxide can produce an excessive dilution of sodium in the blood (hyponatremia) and this stops the production of the antidiuretic hormone. In extreme cases irreversible cerebral edema may occur, comas, or even die by overpressure of the brain to the medulla oblongata. The excess of this substance by respiratory route is lethal, producing death by asphyxia.

"We were one of many skeptical scientists with the hypothesis of the chemtrails and that is why we decided to start this project, to demonstrate the truth in a definitive way and through the scientific method."

For the experiment they made they use of a meteorological balloon elevating it to an altitude similar to the one of those flights. Once placed in the trajectory of the chemtrail, the instrumentation analyzed the chemical composition. Also, toxic substances such as nitrogen dioxide and carbon monoxide were detected, although in smaller amounts.

"After several failed attempts we managed to hit and cross one of the clouds transversely."

No government has yet ruled on this and the team of scientists who carried out the experiment have chosen to remain anonymous for fear of possible reprisals:

"We fear for our safety since this discovery is likely to harm someone directly. Also, we do not seek fame or recognition, we only seek the truth. "

Affirmed one of the members of the team of researchers".

- **EARTHQUAKES AND MARMETERS:**

Provoked earthquakes is possible as I previously mentioned about the laboratory experiments that the HAARP installation's scientists show. However, I would like to explain that these weapons used on tectonic plates or under the sea can produce dramatic effects as in fact happened with the tsunami of Japan in 2011. I explain in the chapter of false flag attacks that sad example. Although I have not been able to find evidence, I found many testimonies.

A typical feature of these artificial earthquakes is that they usually occur at very shallow depths. Something unusual in a natural earthquake. Another important fact is that some can be caused by the underground bases scattered around the planet of which so many military and experts in the secret space project speak about. From these bases I will speak more extensively later.

- **DIRECTED ENERGY WEAPONS:**

The Directed Energy Weapons are very related to the HAARP project and although I will explain them in the chapter of gang Stalking they have a lot to do with sending waves through the whole planet altering the natural cycles of the Earth. Because these waves, when sent, bounce back into the atmosphere and return to the earth, being able to be directed to specific places on the ground.

These microwave weapons can also be designed to be directed and fired at humans as I will explain later. I wanted to simply point out the relationship of these weapons with the HAARP project by using waves to alter certain areas of the planet. In addition to the relationship that these weapons keep with the Star Wars project of the United States Army from the eighties.

- **INTERNATIONAL TREATIES ON CLIMATIC WEAPONS:**

Although doubtful sources deny these programs of modification of the artificial climate generated by the humans. It is widely known and recognized by even countries like China openly throwing Chemtrails to stop the rains in the Beijing Olympics in 2008. And the sources are very numerous. Very reliable and there are many studies carried out in all parts of the planet showing the same pollution in land, water, living beings and air.

**– The Convention on the Modification of the Environment. Formally, the Convention on the Prohibition of Military Hostile Use or any other type of Environmental Modification Techniques:**

It is an international treaty signed in 1977 in Geneva in the United Nations that came into effect in 1978, prohibiting the military or any other use of environmental modification techniques, having extended the use of these practices for military purposes, for example in the Vietnam War with Agent Orange and having lasting and severe effects both on the environment and on human populations.

## • **GENETICALLY MODIFIED ORGANISMS. THE EXTINCTION AND THE MONOPOLY OF SPECIES**

"Control oil and you control the nations. Control food and you control the people "

Henry Kissinger

### – **Monsanto. Monopoly of production and seed deposits:**

First I want to point out and make clear that among the Genetically Modified Organisms there are also many animals, mainly those used in the Food Industry. Including all types of fish and livestock. However, I will focus on transgenic crops rather than the genetic modification of living beings. Although both are of vital importance.

A simple question that I throw into the air. If we consume genetically modified organisms, will it genetically modify our own organism? We will see that the answer is yes. Could the consequences of that genetic experiment be seen in a lifetime, in a few years? We will see that the answer is yes. We will listen to those expert scientists who know later. Let's continue.

To talk about GMOs, we have to talk about the company that has the monopoly on these seeds: Monsanto. This company was founded in 1901 by John Francis Queeny as a company dedicated to making additives, food such as saccharin and vanilla but a few years later is specialized in the manufacture of products from the Chemical Industry. Manufacturing PCB, becoming in the forties one of the largest producers. The PCB will end up being declared by the United Nations as one of the twelve most polluting products for human beings.

However, it will be for the manufacture of Agent Orange in the Vietnam War for which Monsanto will become famous, causing the death of millions of people and creating damage for generations both in humans and in the affected ecosystem. Likewise, its DDT insecticide, banned in many countries, has been shown to have caused much damage both to the ecosystem and to the populations that consume the products in which it has been sprayed, which in turn contaminates water and land. In addition, these insecticides

are often thrown with small planes that in countries without regulation or control in safety regulations can fall on the farmers and breathe them. The insecticide was purchased many times in a pack along with the transgenic seeds. I recommend looking for reports of the effects on humans and the ecosystem of these two examples. Agent Orange and DDT. DDT "replaces" Roundup (glyphosate) also supposedly innocuous to the health of humans and animals. It was shown in 2004-2005 that it caused cancer and deregulation in the cell cycle and in other similar trials.

Wikipedia says that Monsanto "was a pioneer in genetic modification". Here I would like to name my great-great-grandmother. She was a peasant from a family of generations of farmers. She said when she saw the first crops of transgenic corn around the eighties, which were one of the first crops of this type, that corn grew very well, without pests or anything but that "killed the soil." Nothing grew around it and absorbed all the nutrients leaving it sterile. The transgenics have been banned in several countries around the world including eleven countries of the European Union.

It was as a result of a judgment realized in the United States in 1982 where the Supreme Court decreed that the Organisms genetically modified could be patented. This means that if an organism or living being was genetically modified (since not only plants but also animals are modified) it could be patented as property. This started a race across the planet to patent genes. To create an inventory of the planet's genes. This will lead to consequences such as certain medical studies cannot afford to study the cure of some diseases because the patent of a gene is the property of a company and to buy it may be cost a fortune. The current patent law may cause some fear because it says that "you can patent everything but a human being already born."

What happened is that Monsanto immediately began to buy all the seed deposits worldwide, which is where all the seed species of each country or region are stored. He also started buying all the seed companies to take over the monopoly of the market. And he started selling his seeds to farmers. Being patented, these plants, although they throw seeds cannot be planted by law to prevent farmers from saving the seeds, which in poor areas is essential for mere survival, what they did was to make genetically modified plants so that they would not produce seeds and thus force the farmers to buy each year a new crop.

Another method to force the farmers to buy the seeds every year and not save them for the next harvest is to insert into the crops a suicide gene that kills the plant after a life cycle instead of continuing to live years harvest after harvest and here comes at stake the BT. The BT (*Bacillus Thuringiensis*) is a gene in the plant that causes that the own plant generates an insecticide during all the vital cycle, supposedly only affecting insects. However, many studies of expert scientists have shown an adverse effect on living beings and on humans. The attentive reader at this point will not be surprised to learn that the Monsanto website responding to doubts about the negative effects of BT saying it is safe for health is almost an exact copy of the World Health Organization responding to the Same doubt.

All this, for European farmers who enjoy subsidies may not be a problem. But in poor areas where there is not enough money to buy seeds, it is essential that farmers can save seeds for the next harvest. And in many cases a matter of life or death. Peasants who because of a bad harvest or any circumstance cannot buy seeds will have to sell their property. Being bought by the big food corporations of monocultures and large estates.

I recommend, apart from hearing experts and scientific analysis, as many people have been persecuted for showing the data and coming to light, as well as to watch certain well-known documentaries such as: "The world according to Monsanto", "What do we eat today? ", "The powerful European agriculture "and to investigate in the subject in depth since, although this chapter is brief and all the others, many books could be and have been dedicated to this unique topic. This is vital to the planetary ecosystem and the present and future of all because there is much talk about the extinction of animal species but not about the extinction of plants and seeds.

#### • **PHARMACEUTICAL INDUSTRY, VACCINES, CANCER, AIDS:**

As we have seen in this chapter, many diseases, including cancer, are related to these practices of modification of climate and living organisms. The extinction of bees, closely related to the chemical insecticides of Monsanto, is one of the many consequences derived from these practices that lack regulation by the State in many countries.

Many sources also denounce the use of vaccines related to certain diseases. AIDS according to Colonel Milton William Cooper, murdered in 2001 by officers who went to arrest him after being accused of tax evasion, is the author of the book "Behold the Pale Horse" where he exposes the area of ufology in his relationship with the government, the Kennedy assassination and more issues about shadow government. Among them, he denounces the creation of AIDS as a weapon to extinguish the population by providing the names of the scientists involved.

The fluorine in the water would give for another book in itself but certain doctors also relate it to the emergence of many diseases. I invite the reader to investigate these issues in depth looking for scientific sources and expert studies that corroborate these facts.

**GAND STALKING OR ORGANIZED HARASSMENT:  
THE NEW INQUISITION AND THE PERSECUTION  
AND ASSASSINATION OF CIVILIANS**

To prevent all these serious crimes against humanity and planet Earth from coming out to light, a network of criminals and terrorists had to be created that made State terrorism aimed at innocent civilians, in this case orchestrated by the World Cabal or the shadow government. This persecution of civilians is called in English Gang Stalking and is closely related to the agenda of World Genocide, secret societies and intelligence services as well as the MK Ultra program or social engineering mind control that institutions like Tavistock Institute design. And the simple principle of divide and conquer to hire millions of agents to attack the people. If the bankers make us kill each other we save them the work. One of the proofs of the relationship between Gang Stalking and global genocide is that most sources that denounce this fact say that 70% or more of the victims are women who are the ones who generate life. In any case, being a target victim of these campaigns, your family also becomes a target and your children if you have them. Let's not forget that the elite recruits especially the pedophiles in their network of criminals.

They create division in the population by throwing one faction against another under any banner or cause and so the people are distrustful, disunited and fighting each other instead of demanding responsibility from those who give the orders or cause that discomfort. The genocide agenda of the experiment carried out worldwide through the Chemtrails and transgenic and more methods that affect the whole planet and humanity with the aim of decreasing the world population, is done in an individualized manner especially with those people that expose this genocide and they become guinea pigs of this elite to be tested with new technology of mind control and to which genocidal tactics are applied to destroy the victim. This is achieved by attacking the most awakened of the population of the prison world so that they never awaken or free their fellow slaves who may not be even aware that they are slaves. Although we are all free inherently they create the illusion of an unstable prison. After all, the best way for a slave not to be freed is that he does not even know he is a slave or lives on a prison planet.

This Gang Stalking or Organized Harassment can be exercised to an individual, to a group of people, organizations, companies or nations and even as we have proven to the entire planet Earth and to all humanity as a whole through climate engineering, genetics and other forms of harassment carried out worldwide. False flag attacks, for example, serve as a threat to those who know they are provoked not to denounce them, since the same thing can happen to them. They are also used as a way to create global traumas to all humanity as a whole.

In all cases (whether these techniques are applied to a person, organization of people, nation or the entire planet) the techniques are similar and are exercised worldwide in more or less the same way throughout the planet, including through of the eras and millennia in all the populations or ecosystems in which these techniques were carried out. The murder of key figures who expose the Cabal is also a form of global trauma and threatens all those who want to follow the example of these awake and courageous souls. Public executions are made to those who face them, awakening millions to the

reality of the system. For example, Kennedy for wanting to get rid of the Federal Reserve by issuing its own currency, see John Lennon who in one song (Bring on the Lucie) says "666 is your name" and made the "Help" movie where a sect that makes human sacrifices is pursuing, throughout the film, Ringo, the drummer. Or see Jesus Christ himself who called the Cabal the synagogue of Satan and they murdered him to create an unconscious collective fear of anyone who defends the truth and goes against this elite of psychopaths.

The patterns carried out to make these practices of harassment to individuals or States are very varied. One of them is to indoctrinate the slave so that he does not realize that he lives in a prison so he would never try to escape from it. Give an appearance of democracy when what predominates is the global dictatorship and a mass concentration camp in which control over individuals is global. Because even a native living naturally sees the effects on companies that try to harm communities or the environment, and even without the problems of companies exterminating their ecosystem, the individual or community would notice how Chemtrails affect plants and living beings or how the climate is altered. It must be understood that even if the Chemtrails are not thrown into a country or zone, the natural cycles and air or marine currents are very delicate global geological cycles and altering the climate of an area will inevitably affect the planet as a whole. And for anyone who has studied a bit of geological cycles, he understands that altering the climate alters the air currents and therefore alters the entire global environmental cycle affecting all living beings as a whole.

As to who runs these harassment programs is explained in the description of chapter one and two on the world elite. A simple search for victims of gang Stalking or organized harassment shows you that there are testimonies from all kinds of people and from all parts of the world to whom practically the same methods and tactics of harassment apply. It is evident that there is a manual that applies to all victims equally regardless of their beliefs, their age, nationality or condition. Although this quote that I put below focuses only on three agencies in particular, explains who are responsible for giving the orders of this global harassment to innocent civilians.

Richard Lighthouse. Author of Everyone is being tracked in an excerpt from an interview for Kerry Cassidy on February 7, 2019 states that "All this takes place under the division of operations of the CIA. And the three main organizations that report to the CIA or that are funded by this program are the Air Force Command, the CIA and the Department of Justice. These people (who lead these organizations) coordinate, filter and direct the funds of those budgets for example the program of Organized Harassment (Gang Stalking Program) for the tracking of Targeted Individuals daily and finally these Targeted Individuals are shot with Directed Energy Weapons that come from the Air Force Command in Colorado Springs under the Fifth Division.

The CIA manages the funds of the budget of the money in black projects and those funds go to what is called the National Intelligence Program and the Office of the National Director of Intelligence (NSA) administers those funds but in fact they do it to the orders of the CIA . So the CIA is highly involved in this process ... Organized Harassment (Gang

Stalking) is directed from the Fusion Centers. How do we know this? We know this because last year (2018) three policemen exposed this and told us that the Fusion centers are the control centers for all the Gang Stalking. There is a minimum of one Fusion Center in each State of U.S.A. This is how the Gang Stalking is organized in each State ... the local officials are in charge of those gang Stalking operations and they take money from the National Intelligence Program to hire all these people who will harass these citizens 24 hours a day and they are all done under the guidance of the counterterrorism code.

Counterterrorism really means Organized Harassment. 90% of what they do is Organized Harassment, the other 10% of the time they spend pretending they are fighting terrorism ... The objective is to control the population ... And later they decided to use it around the world, so they started to tracking everyone, even if you are not a Targeted Individual, getting accurate GPS coordinates from one second to the next gives you the ability to hit your head with subliminal messages, that's the purpose of tracking ... to know the coordinates of GPS aimed specifically to your head and being able to shoot subliminal messages to your head with microwave beams 24 hours a day, that's valuable and that's the purpose of the system ... and I mean everyone, including children”.

#### • ANTECEDENTS OF GANG STALKING:

They are many and very old. We could start with the cases, for example in the field of philosophy, of Socrates, of Confucius, in the field of science that of Galileo Galilei or Nikola Tesla. Or perhaps with the case of the text of "The eloquent peasant" of Ancient Egypt. The persecution of civilians of any field or profession, time or place for very different reasons is nothing new or invented yesterday. And if anyone wants a book he could pick for example the one I have of original cases of the Inquisition of the XVI century. The Christian prophet par excellence, Jesus, would surely have a lot to say about this. And so many others.

Some examples of gang Stalking have been previously mentioned in this book as shown in the chapter by MK ULTRA and many others. Many sources agree that the persecution of civilians worsened after 9/11 because the perpetrators of this attack counted on many citizens to expose the truth that it was a self-attack, including Generals of the United States Army. It is also the advancement of new technologies that allows the use of more sophisticated weapons for this harassment, persecution and murder of civilians worldwide. The Law Tips is a clear example of the extent to which this persecution was officially carried out.

#### • OFFICIAL DECLASSIFIED LAWS AND DOCUMENTS:

## – OPERATION TIPS:

According to wikipedia, "Operation TIPS is an acronym for Information on Terrorism and Prevention System, was a program to gather information from intelligence services in the domestic sphere designed by President George W. Bush to report suspicious activity on US citizens. The program implied that American workers who had access to private homes, such as cable TV installers and telephone repairers would report what was in the homes of the people if it was sufficiently suspicious. The initial date of the program was August 2002 and would have included one million workers in 10 cities in the United States and then the number would expand.

This operation came under intense scrutiny in 2002 when the Washington Post claimed in an article that the program was very vaguely defined, and journalist and political researcher Ritt Goldstein will see in the Sydney Morning Herald that TIPS would provide America with the highest percentage of citizen spies that East Germany had had under the secret police of the Stasi. Goldstein later observed that he made news of Operation TIPS on March. 10 in the second best-selling newspaper in Spain on a daily basis. El Mundo, but it was very difficult until July to find a large English-language newspaper that printed the story ... TIPS was consequently canceled after the concerns about the violations to civil liberties of the citizens ...

The database with information on civilians was the main concern of several groups of civil liberties (in both the left and the right) who felt that this database could include false information about citizens without there being any way for these citizens to know that such information was gathered about them, nor a way in which they could correct that information, nor a way to confront their accusers.

The Postal Service of the United States, after initially appearing to support the program, later its staff resisted being included in this program, reasoning that if postal workers were perceived as agents of the law it would put them in a place of danger to a level that they could not reasonably prepared, and that the negative aspect of the program weighed much more than any good that could be achieved. The National Association of Letter Carriers, or association of letter carriers, a guild of postal workers, was especially vocal in their opposition.

Both Congress representatives Dick Arme (Republican, Texas) and Senator Patrick Leahy (Democrat, Vermont) raised their concerns. Senator Leahy said it was similar to the misuse that Edgar Hoover had made of the FBI during the 1960s when Hoover hired citizens to spy on their neighbors who were political activists. The Republican Arme included with his protest legislation that explicitly prohibited the creation of Operation TIPS; But Joe Lieberman blocked the removal of the program from the Senate version. The Senate, however, essentially passed the version of Congress that eliminated the program.

However, on June 30, 2008, the Denver Post reported that 181 individuals, including police officers, paramedics, firefighters, public service workers, and train employees had been trained as Terrorist Liaison Officers to report suspicious information that could be a sign of activity

Terrorist. The article also detailed that there were active personnel in six other states. "

This is one of many laws such as the FISA, later approved by Obama, which recruits civilians to harass and spy on other civilians without them knowing or being able to defend themselves. Generally innocent citizens but with political ideologies or any other type that go against the big multinationals or the established system, whether in a political, economic, social or any other kind of environment.

- **ENERGY DIRECTED WEAPONS:**

(Photo of declassified document showing the use that the Directed Energy Weapons may have on civilians)

The following section is an essay I made at the University of History in 2010, for the subject "War, Army and Society" on wounds in the fighter in the Iraq War, for it first explained the weapons used. This is a section that describes the creation of Directed Energy Weapons and their use in civilians, in combat and to disperse demonstrations.

## **– EXPERIMENTAL WEAPONS. NANOTECHNOLOGIES AND MICROWAVES:**

There is evidence of experimental weapons being used in Iraq. Nanotechnology is the "design, characterization, production and application of structures, devices and systems to control the shape and size at the nanometric scale". That is, a billionth of a meter. Its applications cover broad aspects that it has been given the general name of nanotechnologies to actually multiple applications and different sectors. For example, it is applied to nanostructured materials such as tennis and golf balls, as well as tires, anti-stain fabrics, cosmetics, drugs, therapeutic treatments, filters and water membranes, in agroindustrial, technological, aeronautical and weapons fields.

As for its military application, weapons developed through nanotechnology do not resemble nuclear weapons. Nuclear stability is derived from at least four factors. The most obvious is the capacity for mass destruction of a nuclear war. In a nanotechnological war the effects are similar in the short term, the difference is that while nuclear weapons have a high cost also after a hypothetical attack (nuclear contamination), in the case of nano-weapons, these damages would be much smaller. However, nanotech-sized weapons capable of destroying an entire city could be more easily achieved.

Another difference is that nuclear weapons cause massive destruction indiscriminately. The nano-weapons could be directed by eliminating only the chosen targets. In addition, nuclear weapons require a huge effort both in research and manufacturing, much easier to detect than the manufacture of nano-weapons. The weapons developed through molecular nanotechnology could be manufactured more quickly thanks to the faster and cheaper process of prototyping. Finally, it is difficult to transport nuclear weapons to the designated area before being used but the nano-weapons, quite the opposite. An arms race with weapons developed through nanotechnology is more insecure than nuclear because more countries would have the capacity to produce these cheaper and easier-to-manufacture weapons.

It is important to know the risks of these weapons since nanotechnology can lead to a new generation of weapons with a capacity for destruction and deterrence superior to those of nuclear, chemical or biological weapons and would be available to any small country or terrorist group. This is corroborated by several sources including Signal magazine, belonging to the Armed Forces Communications and Electronics Association. In a speech during the Foresight Congress on Molecular Nanotechnology in 1995,

Admiral David E. Jeremiah, retired Vice President and Military Command of the United States, said "Military applications of molecular fabrication have even more potential than nuclear weapons to radically change the balance of power."

Behind the development of this powerful technology in the US is the National Nanotechnology Initiative (NNI), created in 2001 and composed of various government and private agencies. It is the leader in the development of this technology worldwide followed by Japan. In the Law drawn up by the Nanotechnology for Defense Program, it was established in section 246 of the Bob Stump National Defense Authorization Act (107-314) that "we must ensure the global superiority of the US in nanotechnology, necessary to achieve the national security requirements ... (for this, calls) accelerate the transmission and deployment of technologies and concepts derived from the research and development of nanoscale to the Armed Forces "(US Congress, 2002, Section 246).

It is possible to imagine the physical effects that these weapons could have on the combatant, on the one hand they could be tremendously destructive but would also help to create intelligent fabrics or armor to defend themselves better in combat, as well as microphones that eliminate ambient sound and satellites to locate objectives with greater precision, in addition to not using metal could be invisible to radars.

The military itself called this type of weapon in 1989 "The military revolution" because it is another way of looking at war. There are already electromagnetic bombs that destroy all kinds of electronic devices without damaging the buildings, it was discovered through the atomic bomb because the electronic devices that were placed to record the impact were unusable without any external damage, and they realized that the wave electromagnetic generated by the nuclear bomb could be a new weapon.

This type of technology has been researched for years but only recently has the level of development been reached, which allows to create even weapons with microwaves so that they concentrate on a laser that can be fired remotely through walls until it reaches the target. This type of secret technology is precisely described in the documentary of Canal Odyssey "Electromagnetic Investigations" and another called "Experimental weapons in Iraq" by Maurizio Torrealta Siegfried Ranucci.

Regarding microwave weapons, their use in Iraq has been confirmed by the evidence of corpses and witnesses who have seen them. In the largest laboratory in the US, Los Alamos National Laboratory in New Mexico, the place where the atomic bomb was created, Colonel John Alexander has directed this project for many years and states that this type of technology has been investigated for many decades but the technology has advanced recently.

Several types of directed energy weapons are used, composed of electrons that fire in the form of lasers and microwaves. Some of them shoot a ray at the sky to stop the enemy target or missiles before they hit the target, others are used to blind opposing soldiers on the battlefield and others burn all living things without damaging structures or even clothing that remains intact when bodies are burned to the bone, as witnessed

in Iraq. There are electromagnetic pulse weapons to make any electronic device unusable.

Christopher Hellman of the Department of Arms Control and Nonproliferation of the US military says that electromagnetic pulse weapons have been developed so that now you can remove the energy to a whole block or just a building. What really worries me is that being such secret project there is no way to make a remedy for a disease that is unknown, it is like making an antidote without knowing the poison. So at the level of the physical effects on the combatant cannot yet predict the consequences of weapons that are not yet known in depth its operation.

According to the assertions of the chief surgeon Saad al Falluji of the Hilla General Hospital in Iraq, speaking of a sinister bus, "we found corpses without any physical commotion but with blood coming out through every hole in the body, some without a head, something that cut legs, necks and exploding heads, others burned to the bone with clothing intact ... but all without any type of projectile in the body. In addition, the masked bus witnesses say they did not hear any type of explosive or bomb." The Doctor himself says he does not believe that "laser bombs can bring democracy to our country."

The mutilations caused by these weapons is something that even doctors cannot understand. The Department of Defense remains silent about this type of weapon because it is secret. William Arkin, renowned journalist says that they always killed the enemy with a projectile, however now you can kill the enemy with weapons never imagined until now. These lasers are sometimes located on top of cars that have a sort of square box with a violet crystal on one side, Geert Van Moorter belonging to the Medical Aid for the 3rd World claims to have seen them in Iraq. There are several types of these lasers with different purposes at present.

Finally, I have to mention the Active Denial System (ADS). A weapon that has been designed to be used also in the control of masses in demonstrations, it emits non-lethal millimeter waves in principle since it would expose the population to this wave only three seconds, what it does is that it penetrates the skin in a superficial way only affecting the pain receptors being tremendously painful. What this weapon demonstrates and those already mentioned is how far we are from understanding how far military technology is coming and its effects and consequences in the present and the future. It is impossible to know the physical or psychological effects of a weapon whose existence is unknown, and the US must be very aware of this when it jealously protects these secrets because if it counts on the ignorance of the adversary it will always have an advantage over it.

Humvee with an Active Denial System (ADS) installed.

• **GANG STALKING OR ORGANIZED HARASSMENT MANUAL:**

As you can guess, studying or researching and exposing many of the topics covered in this book can turn you into a Targeted Individual as this practice of harassment and persecution of innocent civilians is called. This writing found at <http://911nwo.com/?p=4480> explains very well the gangstalking and many of the actions I have listed. Another important fact is the frequency waves that can generate constant noise in a whole building or entire cities as reported by an ex gang stalker or in an interview. They did this with the entire city of Seattle, which makes citizens can complain about a buzz that makes the building vibrate or surrounds a certain area that is being attacked with radio frequency waves.

This article is the one I have found the best, unfortunately the author is anonymous but explains in detail the different tactics of gang Stalking or organized harassment existing and applied worldwide as the millions of testimonies circulating on the network corroborate, including Energy Weapons Directed, based on the work of an Officer of the Military Intelligence Service Julianne McKinney.

"ORGANIZED HARASSMENT: WHAT YOU NEED TO KNOW:

(Originally posted on the 911nwo website on February 25, 2014)

APPOINTMENT OF AN INDIVIDUAL TARGETED OR OBJECTIVE PERSON: "The objective is to create across the nation a system of" vigilantes "who do not think for themselves but who follow orders - evildoers, US contractors of the defense department creating a private army of "triggers" (that do not think). The network is run by contractors of the Department of Homeland Security through 78 fusion centers. The propaganda is that they are fighting against terrorists (and that's what they say to these vigilant idiots). The truth is that they are building across the nation a GPS / Directed Energy (Directed Energy Weapon) prison system that now contains ALL Americans. "

Introduction: This article (by unknown author) is an excellent summary of the many well-known techniques used in organized gang stalking or organized harassment. To understand the context of the long historical, political and military intelligence or counterintelligence of these horrible and highly illegal operations. I suggest first reading the article by the Military Intelligence Officer Julianne McKinney "Microwave Harassment and Mind Control Experimentation" (1994, aka "The McKinney Report"). McKinney has been a Targeted Individual for many decades and understands the "system" better than anyone else. The presentation below "Organized Harassment: What you need to know" "Organized Gang Stalking: What You Need to Know," is also available on youtube in online presentations under the same name.

Many of the perpetrators, of course, are following scripts given by their handlers, or superiors. Therefore, they are literally "bad actors". Eventually, given the generally low quality of the performance of these low-level perpetrators, I believe that many Targeted Individuals will begin to distinguish between perpetrators and non-perpetrators. They will begin to recognize the "mounts" or traps and will find ways to or document and / or disrupt the types of discovered operations described in the following article.

Organized Harassment, also known as Gang Stalking, Cause Stalking, Organized Vigilante Stalking, Stalking by Proxy, Community-Based Harassment, and Covert War, are essentially harassment and discredit campaigns conducted against an Individual or Targeted Individual. Citizens and neighbors are recruited to participate, often from extremist and cultured groups, but also through employees. Coordinating a psychological campaign of attacks, consisting of harassment, noise campaigns, sensitization and the spread of lies and rumors, are executed in an effort to virtually neutralize and destroy the victim.

Using all kinds of people from all walks of life and vocations to harass, locate 24/7, sometimes organizing lethal vehicle accidents, poisoning, electronic harassment, home invasions / destruction of property, corrupt or ignorant doctors who diagnose the victim as mentally ill with hallucinations, paranoia or schizophrenia, etc. Everything is done undercover and with a system of communication between criminal organized harassment and attacks, often in hundreds and thousands of criminals participating as a coordinated mass at every established hour while criminals do their normal work routines, go of shopping, going to and from work, leisure, etc., using the method of

surveillance on foot or in vehicles, computers, mobile phones, visual or visual signals, and another conceivable form of communication.

Often, the local network of this mass is connected to a national and international network. When the target travels, the local network will follow the target to the next city or town when the target arrives at the site, the network of that location will harass and follow the target in that city or town. Organized Harassment also known as Organized Gang Stalking, organized stalking, community harassment, community stalking in English is a form of systematic control, which seeks to destroy every aspect of the life of a Targeted Individual. Using health and safety laws, a warning mark can be added to the victim's file. Once the Targeted Individual is signaled, a notification is sent, and the Target Person is followed 24/7 by various communities in which they are. A covert investigation will be opened, and electronic means will be used by civilian spies as part of the monitoring and surveillance process. Informant citizens can be part of community programs, but they are often simply citizens.

Everyone in the Objective's life is contacted, advised on why that individual has been marked, they are advised not to discuss the notification with anyone and to be part of the endless harassment without pause (systematic harassment). This process is concealed and designed to destroy the Objective by leaving them without any form of support. Since the majority of civilian workers are aware of this notification system, it means that the Targeted Individuals who report these incidents of being persecuted by strangers will not be unknown to the police and other agencies to which the targets report the harassment. . In most cities, the notification is widely known and used by many workers and employees. Even so Targeted Individuals will have to have mental health assessments to make complaints about these structures and the harassment that comes with it. Organized Harassment is perceived by the Objective People as a psychological attack, which is capable of immobilizing and destroying the victims after a time.

The covert methods used to harass, persecute and falsely defame targets often leave no evidence to incriminate spying civilians. It is similar in harassment in the workplace, but the community around the target is also recruited. It is called Organized Harassment, because it is organized groups or members of the community that harass and monitor the objectives 24/7 ...

## • THE OBJECTIVE OF ORGANIZED HARASSMENT

The goal of Organized Harassment is to silence the victim, to go crazy, possibly to the point of suicide or to destroy the reputation of the victim and the credibility because the person will be considered mentally ill if they come to complain or report the abuse. It seems that the person seems mentally unstable is one, and this is achieved through a detailed and careful assault using very advanced techniques of psychological harassment, and a variety of other tactics that are the usual protocol for organized harassment, such as street theater, mass harassment. Organized Harassment is also

used to gather information about individuals as well as forcing individuals to move or leave the area."

The article goes on to add the multiple tactics of harassment carried out by this covert mafia. Being totally illegal and going against any established law violating the fundamental civil rights established in every constitution. In the United States, the law called F.B.I. Title 18, U.S.C., Section 241 Conspiracy Against Rights expressly prohibits the use of this type of tactics in civilians considering it illegal for a group of two or more people to conspire to attack, persecute, threaten or intimidate a person. I will list some of the tactics used by these criminals and named in the article leaving it up to the reader to investigate them on their own or read the original article in English since there are millions of testimonials on the internet from millions of victims around the world describing the same tactics and many experts from all fields also, of which I will cite several important figures in the following section.

Some of the tactics of Organized Harassment are: Pinching the wheels, threatening calls, verbal assaults by strangers, property damage, death threats, follow-up on foot or vehicle, bizarre notes and drawings, loitering around the victim in a strange way, false accusations of anonymous friends, family and neighbors, Character Assassination, defamation campaigns, blacklisting of entities to the victim, psychological abuse, aerial harassment with airplanes or helicopters, bait or trap to take the victim to people or dangerous places for her, lighting such as turning on the high beam when passing a car at night or towards the windows of the target person's house, car accidents, tracking by large groups, harassment through color, convoy of cars passing by the house of the victim whistling.

Cyberbullying, targeted conversations are conversations where unknown stalkers openly discuss the victim's privacy, electronic harassment, false credibility reports where stalkers tell lies to discredit the victim, mark their records so institutions or groups know that you are targeted, Gas Lighting is to make tactics for the victim to question their own sanity, Ghosting is to move the furniture of a Target Person while he is absent or while he is sleeping, Gestures is that several people make the same gesture when passing by the victim so that know that you are being harassed at times at the same times, covert surveillance is to record the victim in the street or click on your cell phones, computers, put mikes in the house, car, etc.

Mimicry is imitating the gestures of the victim, Mobbing describes group bullying, harassment with noise campaigns, harassment with numbers consists for example in making the same tactics of harassment at the same time, awareness, street theater, synchronized harassment activities, signs of stalkers that are repeated, for example, when the victim arrives at home, defamation campaigns telling lies about the victim, sleep deprivation, redirected phone calls so that they do not reach the victim, harassment through telephone calls erroneous or the same companies constant, harassment to the consumer are tactics of harassment directed at a consumer, corporate harassment, intimate infiltration in the circle of friends, isolation consists of isolating the victim from relatives or friends who are not involved in the harassment, profiling consists in making a profile of the victim even before the harassment begins,

casual encounters with the victim that appear normal being stalkers to investigate the victim, ruin relationships with friends and family of the victim.

• **MAIN EXAMPLES OF VICTIMS AND DENOUNCERS OF THESE PRACTICES:**

– **Ted Gundersen former director of the FBI:**

Affidavit or sworn statement about Organized Harassment or gang Stalking that can be found on the Katherine Horton website:

<https://stop007.org/>

– **Website: Stop the Crime:**

Interview "The cooking of humanity" to a scientist involved in designing the weapons and techniques of Gang Stalking:

<http://stopthecrime.net/wp/2018/11/02/original-home-page/>

– **Presidential Commission showing the Gang Stalking or Organized Harassment together with illegal experimentation in Target or Targeted Individuals.** (Presidential Commission for the Study of Bioethical Issues May 18-19 2011 NYC).

Denounces Gang Stalking and declares Targeted Individuals against Mind Control (MK Ultra project): Testimonies of organized harassment and experimentation in civilians.

<https://www.youtube.com/watch?v=GMhEkrkMRzw>

– **Katherine Horton:**

It is a Targeted Individual who suffered Gang Stalking or Organized Harassment for reporting these practices. His website: <https://stop007.org/> describes many of these practices. Having studied Physics she can perfectly explain the use of Directed Energy Weapons and how they work. She has gone as an Expert Witness to multiple trials and

brought herself to trial in the British intelligence service for the harassment she has been subjected to. It also has consultations for victims of Organized Harassment.

### **– Camelot Project:**

The Camelot project, directed by Kerry Cassidy that has interviewed more than 800 people throughout his career, some with more access to classified information than the President of the United States, describes these practices very well. I recommend watching the interviews with Katherine Horton where she is also the founder of Stop the Crime and other victims.

### **– Karen Melton Steward:**

She was an Intelligent Analyst of the NSA that became a Targeted Individual for denouncing the tactics of Gang Stalking.

### **– BiggerthanSnowden:**

A group made up of scientists, intelligence agents and other experts denouncing these practices. One of the former agents of the Secret Services of this web says that many times they attack innocent civilians and totally not harmful for the society.

### **– Testimony of anonymous ex-gang stalker:**

I recommend hearing this interview where an ex gangstalker, and now Targeted Individual, counts the techniques used. According to their own testimony they experiment with their own agents. He gives the example of an entire NSA building with which they experimented with Directed Energy Weapons where NSA agents and their families lived. In addition to the entire city of Seattle launching waves of Directed Energy Weapons or EDW (Energy Direct Weapons) to the entire city. They also radiated the vagabonds' teeth and kidnapped them to experiment with them and eliminate them.

## **THE RESISTANCE MOVEMENTS**

## • **MILITARY OF THE LIGHT AND THE WHITE HATS. THE QAnon MOVEMENT:**

The White Hats is what is called to an organization formed mainly by military, positive exoplanetary species and agents of the Secret Services that seek to liberate the planet from the different allied secret societies to enslave humanity called Black Hats which aim is to extinguish 90% of humanity.

The QAnon movement started on the same 4chan website where the anonymous movement started. It is supposedly a group of military belonging to the White Hats that have a Q pass, which is the highest grade in the Intelligence Services with more access to secret information than the president of the United States. Many military sources talk about the White Hats as a positive force that seeks to liberate and protect humanity.

According to the web page [www.whitehatsreport.com](http://www.whitehatsreport.com) says that most of its components "have been trained under administrations and regimes that were disillusioned and disgusted progressively with the current situation of which they were witnesses. Each member of this group has a relevant background, extensive knowledge about the global situation, many years of experience and most importantly, a network of contacts in the world of Intelligence. "

They have a high code of honor and believe in democracy, that is, the power of the people, against the economic Satanist elite that seeks to destroy the freedoms of humanity.

## • **EARTH ALLIANCE:**

According to the third generation militar linked to the Secret Space Project called Corey Goode. "The Earth Alliance comprises the component countries of the BRICS (Brazil, Russia, India, China and South Africa), Asian secret societies, and the " White Hats "within the US military complex and other nations that want there to be a total declassification of extraterrestrial life and advanced space technologies and expose the crimes committed by the Cabal Syndicate groups.

It is a great coalition of different groups that agree to work together to end the long reign of Cabal. The groups that comprise this Earth Alliance can be considered as unions or secret societies. Despite the agreement to work together of this Earth Alliance, each group has its own agenda within a broader framework of total declassification of certain events.

## • THE RESISTANCE:

According to Cobra, the spokesman for La Resistencia, this was created in 1975 when "an intelligence agent with the code name Michael fled for his life from the Illuminati who were persecuting him. He gathered a group of 12 operatives to protect themselves. While they were fleeing and hiding, they discovered a group of tunnels under the New York subway. They entered the tunnels disappearing from the surface of the planet and regrouped there. Thus the organization was born having its main command center under the New York subway. Through the vast spy network that Michael still had on the surface, they contacted many operatives to fight the Illuminati and many of them hid underground and joined the organization.

Its main objective was to put an end to the control of the Illuminati and to give advanced energy technology to humanity. The personal computers we have now were developed with the assistance of this organization ... in 1977. The organization has contacted the positive species of Agarta that live in underground caverns for millennia. They also contacted the positive civilization of Andromeda in 1977 and before ... in 1990 they influenced to make sure that the internet expanded from the ARPANET military corps to the public domain.

The Illuminati and dark forces from outside the planet sent an offensive in 1996 to destroy the organization and there were several battles in tunnels and caverns underground that almost destroyed it and almost destroyed the population of Agarta. "

The Pleidians joined the Resistance to stop this massacre and more members of the planet's surface joined the organization. They continue to work to free the planet from the control of the Illuminati along with positive exoplanetary species, the Agarta civilization that lives underground as well as surface members including the Earth Alliance or Earth Alliance.

## • SOCIETY OF THE WHITE DRAGON:

It is a Society composed of secret societies of Asia allied with power groups of the West. According to Benjamin Fulford, its main spokesperson, "This group includes members of the Pentagon, the CIA, the Russian Federal Security Service, the British Royal Family, Freemasonry, the P2 Lodge of the Vatican and more groups."

It was formed as a way to fight the Zájara Mafia and the Cabal that seek to exterminate 90% of humanity and establish a dictatorial world government in which they had control of the entire planet through private Central Banks.

## • **ALTERNATIVE MEDIA AND WHISTLEBLOWERS:**

The Alternative Media in contrast to the Corporate media controlled by the financial elite are of special importance in the emergence of a truly independent Media that tries to reflect a more honest and critical version of reality. In a world governed by very few power groups that hold the monopoly of practically all economic areas, including the entertainment and communication industry, the existence of truly independent media is essential to prevent dictatorship from prevailing.

You can mention countless websites of alternative channels but some of the most prominent are Infowars, Wikileaks, Benjamin Fulford, Operation Disclosure, Restored Republic, Dinar Chronicles, David Wilcock or the Camelot Project.

Some speak of the Media as the first power, above the political and economic power as they mold the ideology and interests of the masses and whose manipulation is extremely beneficial for very few but for the majority of the population can be tremendously dangerous. Without independent Media, democracy is an illusion.

## • **CITIZENS 'MOVEMENTS:**

Includes all citizens who individually or collectively, locally, neighborhood or in any way help your community or any community preventing the exploitation and destruction of the Environment, humanity, life generally carried out by any corporation, organization, government, person or groups of people. All those who work for the good of all.

Many will never know that they existed but for millennia thanks to their generous and selfless work maybe some millenary tree still stands thanks to them, even some forest and some other fundamental rights, and some human, some living being or many more have been saved thanks to these brave beings, many anonymous and never recorded in any history book but to whom we owe so much. Our future. Our present. Our past. Our rights.

We could include the widest variety of professions, countries and cultures among these heroes who struggle to make the world a better place for all. From journalists to doctors, philosophers, politicians or peasants, artists or economists, intellectuals, humble, poor or rich, people of all kinds who are trying to help and save the world and humanity in any way. Peaceful, honest, disinterested and for the good of all. Defending justice, wisdom, truth, unity, solidarity, honesty, freedom. Love. To the planet and humanity.

- **EXPERTS FROM ALL FIELDS:**

We must mention all those experts from all areas who have carried out their own independent studies on the most varied subjects and whose struggle and disinterested contribution to the welfare of all is invaluable.

From those who analyze water to find aluminum in large quantities denouncing the Chemtrails to those who have done independent studies on Monsanto's Frankenstein crops, they are all heroes often silenced and persecuted or killed. There are millions of heroes that we will never know existed who thanks to their work manage to save millions of lives working for the good of all humanity.

Many have been mentioned in this book but many more will always remain unknown to the majority of the population and yet we owe them a lot.

- **ANNONYMOUS:**

It starts on the same website as the QAnon military white hats movement in 4chan. The first attack is carried out against the Church of Scientology. The second against the Quebec Trade Summit in 1999. It is a leaderless movement involving thousands of citizens and seeks to declassify secret government documents and the loss of the monopoly of power of the small group composed of the financial elite.

Not all of them are hackers but they are a large mass of ordinary citizens who seek to create alternative means of information to express their opinions without censorship. They especially denounce the surveillance carried out by the governments to be able to spy on all the citizens by keeping the information in databases that will be sold to corporations without the authorization of the latter and just as it can serve the government to spy on certain activists or dissidents, it can also be used by criminal networks for the same reason.

I recommend to see the reader the Anonymous Cyberguerrilla documentary of 2008 to understand the movement.

## THE UNIVERSE

"But the natural man does not perceive the things that are of the Spirit of God, because for him they are foolishness, and he cannot understand them, because they are to be discerned spiritually"

- 1 Corinthians 2:14 -

"They are of the world; that's why they speak from the point of view of the world and the world listens to them "

- 1 John 4: 5 -

Anyone who has come to this part of the book will begin to understand that, with the tendency to hide the truth of our elite, the question is not whether there is extraterrestrial life since any intelligent being understands that there should be no trillions but infinite ways of life in the universe. Only on this planet there are so many that cannot be counted but an approximate data from the University of Seville says that there are currently 1,700,000 species and throughout the history of the Earth it is calculated that from 5 to 10 million including fauna and flora. Another fact to keep in mind is that dozens are discovered every year and others are also extinguished. Only ... on this planet. But there are trillions of galaxies out there. Each with its trillions of planetary systems in turn.

Therefore, as I said, the question is not whether there is life in the universe but why it has been hidden from us that there is life in the universe. Personally, I know several friends who have seen UFO's up close, some confessed that due to being an open-minded person they were very open with me telling me about their experiences. A very famous sighting of a fleet of UFOs in the center of Madrid, capital of Spain, was seen by a friend in 2010 (there is more in later years and was recorded by several witnesses and the videos circulate on the internet) and he told me that seeing that a ship stopped near a neighborhood in the heart of the city, he called his sister who lived near where the ships floated to ask her how they were up close and after leaning out the window and hit a jump of surprise, He could see a ship a few meters describing it to my friend with precision. Like that one I know more stories from close friends.

However, beyond the many nearby stories of this kind that we can find among our acquaintances and those close to us, these sightings are widely documented in official reports, with military radar, video and instrument measurements of all kinds. The testimonies that endorse these scientific and irrefutable tests with specialized instruments range from Ministers of Defense, presidents, soldiers, astronauts, engineers and designers of spacecraft, personnel of NASA and many more institutions including Intelligence Services, scientists, journalists and many more witnesses from all fields.

These official reports of UFOs archives opened to the public include those that since 2001 have declassified 24 countries worldwide. Among these are countries such as Australia, the Vatican, Argentina, Chile, Brazil, Peru, Mexico, India, China, Russia, Turkey, Spain, France, Germany, Japan, Sweden, Finland and the United States. In which you can verify the existence of beings and ships of other planets in official documents. The testimonies are countless and very numerous from extremely reliable sources. An employee of the British Ministry of Defense said in the 1980s that there were 300 sightings of Unidentified Flying Objects a year. It is necessary to understand that there will be many more sightings in Great Britain of which they are confirmed with radars and different means that 300 are verifiable by specialized personnel.

The testimonies that I am going to name are all of experts in the secret space project, most of them directly involved in them and some of the people have interviewed and had contact with personnel involved in them.

Here we have some examples. Please consider that there are only a few. There are many more of which I highlight these few.

- **ASTRONAUTAS AND SPACE PROGRAM PERSONEL:**

- **William Tompkins - Designer of the spacecraft Apollo ships:**

I start with one of the most important testimonies provided by the designer of the NASA Apollo ships. Many corroborate what William Tompkins says. He was chief engineer in these space programs. This invaluable testimony comes from a man who already designed boats from his childhood with total precision and whose models of aircraft and military ships were published in several magazines in the 50s, in fact, some of these original models of ships and aircraft are currently exposed in naval museums.

At the age of 93, after a lifetime in the space project, and still active in the navy, he begins to give interviews, after publishing a book called "Selected by Extraterrestrials", affirming the existence of life extraterrestrial as well as the existence of ships, some knocked down by the military, that humans imitate and build and that have not only been used to sail our galaxy but other galaxies. As well as the collaboration of these species with what is called the Shadow Government of our planet, kept in secret for humanity. The topics covered range from the existence of bases on the moon and the entire solar system to the existence of underground bases of this Shadow Government distributed throughout the planet under land and sea.

Anyone who would like to dismiss this or any other testimony should ask himself how many hours of his life he has devoted to studying the secret space project and compare it with the 75 years of experience that William Tompkins has dedicated to this project, his whole life, at the moment of these interviews. I also ask the reader to keep in mind at all times that we are considering the testimony of the designer of the Apollo ships and that his testimony confirms hundreds of other testimonies of the personnel belonging to the secret space project.

The story of William Tompkins in his involvement in the secret space project begins at an early age, when he was 18 years old when he was recruited by the United States Navy to study the UFO and alien technology of the Nazis during and after the end of the WWII. According to his own testimony, he is the son of a 33rd Degree Freemason. His first contact with UFO technology was as a child in his family home in February 1942 when he witnessed what is known as "The Los Angeles sighting" in California, widely documented since there were thousands of witnesses and it would be published in different media of the time.

William Tompkins recounts this event that happened a few meters from his home. He says he saw a UFO from his home together with his family. This ship spent hours standing in the sky without moving over his neighborhood a few meters from his house. Military and civilian vehicles began arriving and shots were heard directed at the ship. After the ship stopped for hours hundreds of ships appeared over the ocean and flew away. A few years after witnessing this famous sighting that counts in detail was recruited by the Navy to work on the secret space project. There he discovered that the navy managed to recover from the ocean two unmanned UFOs that managed to shoot down that day from the entire fleet.

For all this he was susceptible to believe in extraterrestrial existence without prejudice and was chosen by the Navy from an early age to enter the secret and non-secret space project. According to him, he was chosen because he was not as closed on this issue as many other military officers who, being older, already had pre-established prejudices about the existence of extraterrestrial life. After this event the Navy gathered a group of specialists that included military and scientific personnel to analyze this event and study the extraterrestrial life that persists to this day and in which Tompkins himself would end up working in 1951. This group of scientists and military It was created by aeronautical engineer Donald Wills Douglas Sr., pioneer in aviation who was the first to make a nonstop flight across the United States. Douglas Sr. would end up the leading aviation company McDonnell Douglas where Tompkins would work. This group would be the origin of what is known as Majestic 12, which is a group of very powerful people who are in charge of directing the secret space project.

In an interview with Kerry Cassidy of the 2016 Camelot project he begins by saying that "The easiest way to start" to tell his story "would be to go back to 1942. For some reason I was chosen by some members of the Navy, the intelligence of the navy for essentially being assigned to a program to analyze some US Navy spacecraft operatives who had been operating in Germany trying to understand the tremendously complicated agreement between the SS and the Draco-reptilian group that was attending Germany. "All this while the Second World War is in process. Many of those involved in the Nazi space project would end up through Operation Paperclip in the United States, Russia, Latin America and Antarctica. As Tompkins himself says after asked by Kerry Cassidy if N.A.S.A. was one of the first institutions to be infiltrated by the Nazis and their ideology. In his own words he describes this process in the interview.

"Paperclip was not just 10 or 20 Germans arriving here (United States), it was a massive number of a tremendously massive organization, of which a few went to Moscow, all the rest went to Antarctica in those big caverns that there are in the Antarctica and you have 5% left "that went to the United States. During the Second World War, Germany was collecting extraterrestrial information and putting 12 to 14 different types of extraterrestrial vehicles into production. They were being manufactured using slave labor power. Almost 99% of this technology was carried out of Germany before the war was over, it was taken to Antarctica and it is still there today. "

It would be taken to the city of Antarctica which is called the New Berlin, which also Admiral Richard Byrd Jr, the first pilot to reach the North Pole and first tried to reach the South Pole by plane, mentioned along with many other sources. After finishing World War II, in what was called Operation Highjump, the US Army went to Antarctica to kill the last Nazis who had taken refuge there making Antarctica their own private continent, but these US military were totally defeated. Two decades after this happened, a Treaty on the Non-Proliferation of Weapons in Antarctica was made in 1968.

Currently you cannot enter Antarctica without military permission and accompanied by it. Recently in 2015 an attempt was made to create a new Treaty rule limiting the fishing of boats 200 kilometers away from the coast. I would like to point out here that Antarctica was flown by the Germans in the years before the war, the pilot who flew over it recorded images that look like valleys like the Alps full of forests and lakes. The pilot who flew over the whole of Antarctica taking a million and a half of photos has a website created in his honor by his own family. However, it is not possible, and if someone gets them please send them to me, to get more than 10 photos of that expedition and they are only of the base on which they settled. All images of Antarctica are heavily censored. But what circulate through the network are the videos of the Germans recorded during this expedition. Likewise, the scientific expeditions that appear in the documentaries focus on very specific areas, they must always be accompanied and have military permission.

As William Tompkins says "The Second World War was over. We did not win, it just ended. " What he does not say is the reality that they did not win but that they were defeated catastrophically. "The navy had been involved in the German facilities in Antarctica and the draco-reptilian cave installations in Antarctica. This was widely accepted. "And he says that most of the Nazis went to Antarctica and a few to other countries like Russia or the United States. After the Second World War, many soldiers were sent to "clean up the disaster down there. There are vast underwater tunnels all around Antarctica that the Germans tracked with submarines ... they had taken many facilities to Antarctica. Even many people were taken there including slave labor who were taken there through these long tunnels to very large facilities. Yes, there were alien UFOs there and some produced by Germans as well. " He accounts how the fleet led by General Byrd and General Nimitz was totally defeated in 20 minutes in the maneuver called Operation Highjump retreating to the United States with what little they could save. I recommend reading Rychard Byrd's secret diary where he tells of his encounter with the Nazi UFOs by flying over the South Pole before performing Operation Highjump.

During the Second World War, William Tompkins would be in charge of analyzing the technology created by the agreements made between the Nazis and the draco-reptilians. Both species of extraterrestrials widely named by witnesses and members of the secret space project, military and experts from many more fields. In addition to spacecraft, he was in charge of the design of underground bases underground and under the ocean as well as bases in space. He was assisted to design the Apollo ships by a

Nordic extraterrestrial who worked as his secretary, the Nordic extraterrestrials have human features and therefore can perfectly camouflage themselves among the population and can communicate using telepathy.

Using his own words he says that "People on this planet do not know that there are aliens, they do not know that there is not just one species, but maybe there are thousands, maybe we have billions of extraterrestrials. The last number recently, we have doubled the number again, now we have two hundred thousand trillion galaxies out there and to say that we are the only intelligent species in the universe is to be naive. The people on this planet are tremendously naive, they have no idea what these navy operatives brought back "in their space travels and through the downing of extraterrestrial spacecraft on our planet.

According to Tompkins, Americans arrived on the moon years before, in 1963. They were already hoping that there were extraterrestrial bases there because of satellite photos taken from the moon's hidden face. Upon arrival, the astronauts were surrounded by ships and aliens that surrounded them in a threatening manner. In the moon according to him there is a base that controls all this side of the galaxy where different alien species reside.

The Apollo Mission was intended to create bases on all habitable planets and their moons and the next phase would be to establish bases in the systems of the stars closest to our sun. But according to him the project was stopped by the Reptilians, probably because a slave with the ability to get out of jail at ease or design ships more advanced than those of their jailers is not convenient. It is remarkable this following phrase that begins when Kerry Cassidy speaks to him about Captain Mark Richards who also selected to work in the secret space project and was chosen of a similar way:

"It's not just one or two people who are elected, there are hundreds and hundreds of these people actually around the entire planet, there are Russians too and there are Chinese. But unfortunately, putting it in a not very nice way, there are white hats and we like them but there are a lot of people in black hats who are chosen to implement "whatever", and this is a serious problem ". (White hats is what positive extraterrestrial species and their human terrestrial allies are called, and black hats are negative species and their human allies).

"You cannot cover this part and just say "I do not believe that", okay? We are trapped in situations, plural, not one, but situations in which we have no control over them and we are being used and we have been used and I hate to say this but we are simply a laboratory for them. You start to think that this is not your moon, this is not your planet and they are the owners of the planet and we are their laboratory. We are their laboratory. And the laboratory of others, of other extraterrestrials who come and carry out their agenda. "

Something William Tompkins mentions in his book is how there was a crisis with one of the ballistic missiles that was out of control spinning and shining with radiation. They woke Tompkins up and a lot of personnel from the missile base to see what the problem

was. He was convinced that it was sabotage of extraterrestrial species and black hats to prevent the technological advancement of humanity. The next day nobody remembered the event except him and two other Generals. For all this and much more William Tompkins states in his book that the United States should not fight against the Soviet Union or any other nation but that all nations and humans on the planet should unite against these species of evil aliens and their black hats human mental slaves who control the world.

Another extraterrestrial species mentioned in relation to the Reptilians are the Grays. The Grays, supposedly according to many testimonies, work as slaves of the Reptilians. To conclude, I will say that I believe that this testimony should concern all human beings on the planet, deeply. Especially because it will be corroborated by many others as we will see below.

This is the link to the William Tompkins interview on Project Camelot with Kerry Cassidy. I strongly recommend everyone read his book "Selected by Extraterrestrials". And when you think about discarding his testimony, study what has been said by many other astronauts, scientists, military, journalists and thousands of experts on the subject and compare the information exhaustively. Because many of these experts without knowing each other say exactly the same thing.

William Tompkins believes that in the 1950s the United States and the Soviet Union should abandon the struggle and their differences to face the alien threat together. And if you want to know my opinion I think that all nations and countries should stop fighting among themselves and start as soon as possible and carry out the suggestion that Tompkins very wisely indicates.

#### **– ROBERT SCOTT LAZAR - PHYSICIST FROM THE BASE S4 OF AREA 51:**

This physicist worked in Area 51, initiating his contract in 1989. He states that he worked trying to build and design extraterrestrial spaceships using the materials of the Earth. According to his own words he says that "Supposedly, the information is that, and this is not something that I deduced, it's something that I was told, is that the ships came from a planet that orbited the Star System Zeta. Zeta Reticule one and Zeta Reticule two. Two stars of a binary star system. The ships, I was told, came from there. One or two autopsy photographs that I saw were two small photographs of essentially the head and chest of an alien ... For that photograph it looked like the typical Gray. " I recommend watching your interviews for more information.

## **– DR. EDWARD MICHELL – ASTRONAUT OF APOLO XIV OF NASA AND PILOT OF THE UNITED STATES MARINE:**

He was the sixth person to walk on the moon on the surface of the Fra Mauro Highlands region. Dr. Edward Michell says he knows for sure that the Roswell case is true since his entire family is from there for a lifetime and that he had the opportunity to talk to the man who collected the bodies of the aliens recovered personally and with many others. witnesses of the event. According to his own words it has been hidden from us that there is extraterrestrial life for more than sixty years.

"I have been privileged enough to be aware of the fact that we have been visited on this planet and that the phenomenon of UFOs is real ... I completely believe that we are not alone and I have believed it for many, many years even though at the time that I went to the moon was common knowledge that in science and in theology we were alone in the universe ... We have just left hanging out in the trees but we think we are quite sophisticated but I like to tell the story of my great-grandparents who crossed from the south of the United States to the east after the Civil War and I went to the moon less than a hundred years later. They came in horse carriages, so from horse carriages to going to the moon in less than a hundred years in our time is a significant event. It tells us how primitive we have been until the modern era and we are still quite primitive. "

"Because of my open mind towards these issues, many of the military and members of Intelligence Services agents have been open with me wanting to get rid of a weight before they died and allowed me to interview them and talk with them about the issue. So my ideas are strongly solidified around the fact that we have been visited by these species ... We have to remember that just after the Second World War the Army of the Armed Forces separated into what became the Air Force, a separate branch of the service, and the OSS which is the Office of Special Services was dissolved and eventually became the CIA so here we have a large military organization and a large intelligence organization totally disorganized, newly founded, they did not know what they were doing after the Second World War and it was reorganized. "

"After that, President Truman at that time created a committee to investigate what this extraterrestrial or UFO phenomenon was. They arrived to the conclusion that the ships were aliens and the military quickly concluded that if it is hostile there is nothing we can do about it, so their choice was to deny it and cover it up. And they created the National Security Act of 1947 that validated the deception and concealment and allowed the group to go in secret to cover it up as it was and continues to be for the past 50 years. It was the beginning of all the cover-up and the complete denial of this whole phenomenon. And the disinformation to cover up and discourage research to misinform has been ongoing for many, many years until now. "

"Eventually it came from fear, I believe, of not being able to protect and do its duty. From the notion of power and control, controlling knowledge and technology and the

group that is in control still do it ... We have created a reality here and we have created it quite badly because it is not a sustainable reality. We have created it with science and technology and instead of using it for a greater good it has been saved by interest, greed, selfishness instead of using all our technology and brilliance and genius for a greater good has been used for selfishness and that's not going to work ... It's important that we see our civilization and our place in history, use our scientific tools for deeper knowledge and use it for the greater good and that's what all this is supposed to be about. "

### – **BUZZ ALDRIN - ASTRONAUTA DEL APOLO XI:**

Buzz Aldrin, the first astronaut to go to the moon along with Neal Armstrong and Michael Collins. His experience, corroborated by William Tompkins, is that he did see extraterrestrial spacecraft on the moon. It also states that monoliths have been found on Mars.

"What I've seen is ... a light out there. So we saw a light and we think what that will be. There are many lights out there when you are not looking in the direction of the sun. There are many stars and all are fixed placed side by side but one of the stars was moving and we know that this is another object, that this is not a star ... We know that if we say "Houston we have a light outside the window that is moving with us and is heading towards the moon "many of these guys are going to say" Hey "(laughs of the interviewers when pointing them out) and it is really going to endanger the mission and it will take us a long time to explain to these guys what was really happening ... we certainly saw something. "

- **MILITARY AND ARMY PERSONNEL:**

- **WILLIAM COOPER: INTELLIGENCE MILITARY OF THE AERIAL AND NAVAL FORCES OF THE UNITED STATES:**

He recognizes, through some secret memos that he has personally read, that Eisenhower had a meeting with Nordic extraterrestrials and more species in the Holloman Air Force base, something confirmed by William Tompkins in his book and many other sources. Some of these sources say that he met with extraterrestrials up to 3 times during his term. He says this in multiple interviews naming the names of the military memos in which the events of these meetings were written. He also describes it in his book: Behold the Pale Horse. He also talks about the Majestic-12 group formed by very powerful people who direct the secret space project.

What William Tompkins and more sources say is that at this famous Eisenhower meeting with aliens, these species were allowed to experiment and kidnap humans in exchange for extraterrestrial technology. However, the real reason for these Eisenhower concessions is that they could not fight the aliens or have the option to refuse to do so without suffering serious consequences as they dealt with species far more technologically evolved. Something that the Doctor also says. Edward Michell already mentioned.

"Some of the information I am going to give you is based on research derived from the information I have seen. For example, in the documents that I saw it is stated that President Eisenhower has commissioned a group called the Jason Scholars which was declared to have been a secret society of school children to investigate the deception, lies, facts, truth and get to the root and Real truth about the questions about aliens. He also stated that there was a group of 12 men formed ... and another memo to cover up the actions of these men and to express the reasons why these prominent men met on a regular basis. "

<https://www.youtube.com/watch?v=aYRgHTojkKk>

- **SERGEANT KARL WOLFE - MILITARY OF THE AERIAL FORCES OF THE USA:**

He recognizes having seen bases on the hidden side of the moon in several interviews. According to his own words "I was in the Air Force since 1964 ... The group was in charge of photographic recognition. They worked with the U2 planes, the spy satellite photograph before anyone knew we had it at that moment in history. No one knew we were doing spy satellite photography. Of course, nobody knew that we had the U2 program operating or what were the capabilities of that program ... all kinds of planes that went to combat situations, we processed these videos. "

"I think it was between June and July 1965, my boss came to me, I was working as a photo technician ... in Colorado ... the organization I was in was a very new facility ... I had arrived in January 1965 to install all the equipment ... My Chief Sergeant Staff Taylor came to me and said they had a problem with some equipment at the base and it was the first lunar orbital program where they had the mission of locating the first places on the moon where the lunar mission of 1969 was going to land ... it was an NSA facility ... They took pictures that were assembled with each other and you had a larger image ... so he showed me how this all worked and took me to one side of the lab. He said "By the way, we have discovered a base in the hidden face of the moon "and I said" From whom? What do you mean? Who? "He said" Yes, we have discovered a base on the hidden side of the moon "At that time I was afraid and I was terrified thinking that if someone entered the room at that moment we would be engaged, we would have problems because he You should not be giving me that information. I was fascinated by it but I also knew that I was crossing a line that should not be jumping. "

"And he took out one of the mosaics and he showed me this base that had geometric shapes. There were towers, there were spherical buildings. They were very tall towers and something that looked like radar structures but were larger structures. So I did not say anything else because I was worried that someone could enter at any time and we would get caught in this conversation and we would have problems. I realized that he was telling me this information because I did not have anyone else to talk to. Probably in the laboratory he was one of the few enlisted and he was a worker and he clearly had more access to confidential information than I obviously. But I could not share this information with anyone else. And in those times we did not, when you have your access to secret information you took it seriously, it was not like today that people do not take these things seriously, we had a very different moral and values system, so we were raised and we respected those agreements. "

"So it was weird that someone did something like that. But that partner and I had the same rank. I think he was very distressed ... and he needed to talk to someone. And that's the end of everything. I did not take it any further ... but the interesting thing is that every day he came home he thought "I can not wait to hear this on the news" so he turned on the television waiting to hear on the news "We found a base on the moon" being very innocent and of course here we are 30 and a few years later we have not heard about that. "

#### **– JOHN CALAHAN - DIRECTOR OF THE AIR FORCES:**

This man was in charge of launching a nuclear missile at the moon, intended for the bases mentioned by Sergeant Karl Wolfe. He witnessed how a UFO with just a few touches to the missile deactivated it in mid-flight causing it to fall to the ground. It was

recorded on video and by radar. This video circulates widely on the internet. This makes sense if we compare the testimonies of William Topkins and Emery Smith and Corey Goode and Cobra on the basis of the Galactic Confederation on the moon, since it seems that the Galactic Confederation opposes the Shadow Government.

John Calahan admits in an interview that he marked his life and changed his vision of the universe and the manipulation of the government of our minds.

### **– EMERY SMITH – MILITARY OF THE AERIAL FORCES OF THE USA - FORENSIC OF THE SECRET SPACE PROJECT:**

Emery Smith worked in one of many underground bases as a forensic doctor. His job was to perform autopsies on more than 2,000 alien bodies. He also saw aliens in the bases. When he started to expose this fact he suffered a strong organized harassment from the shadow government. I recommend listening to his interviews with David Wilcock.

"It is not normal to live what I have lived and it is hard to explain this to the masses. And I'm doing this to get other members of the secret space project to come out and back up everything that's going on and what I'm saying. I am not a single person on the planet who is living this, there are hundreds and hundreds and even thousands of people like me who have been part of these projects, who have been working with extraterrestrials and have worked in genetic programs hand in hand. "

An affirmation that I can testify when studying the secret space project since there are hundreds of sources to each one more reliable. And, or here everyone is having a collective hallucination or they all tell the truth, since all these people that I mention some have never known each other or have even lived a century apart. However, it is necessary to ask how they say the same thing by corroborating their testimonies with each other with total precision. The secret space project is very real, as real as the testimonies and experiences mentioned here. We have scientists, astronauts, doctors, politicians, soldiers, journalists and witnesses from all fields of knowledge who have worked in these programs and all say practically the same.

<https://www.youtube.com/watch?v=EpE7CC1zZiA>

### **– COREY GOODE - MILITARY OF THE SECRET SPACE PROJECT:**

Corey Goode comes from a military family in which his father was already working on the secret space project. Since he was little he was trained to participate in the secret space project. He claims to have traveled frequently in spacecraft of the United States Army off planet in hundreds of missions. It also corroborates what was said by many other participants in the space project, such as William Tompkins, about how Antarctica

is used by the Shadow Government for its secret projects. It says that there are underground bases connected with trains throughout America. Underground trains and cloning centers. It also talks about suppressed technology.

"There are many classified technologies that are in use in these programs that are being suppressed and could completely change the nature and quality of life of every human being here on Earth. Free Energy technologies could end the need of the current oil companies, frequency and light curing technologies would end the current pharmaceutical companies, Neuronal Interface technologies would end the need of large education institutions and technologies of food replication and the technologies of Purification and Restoration of the Environment would end poverty, famine and begin to reverse the damage that humanity has done to the Earth in virtually a day. As you can imagine the real threat of declassification is not that humanity cannot stand the truth or is unable to reconcile the idea of life in the cosmos with their religious beliefs. The real reason is that these technologies would immediately collapse world economies and make the Monetary System of the magical slavery system no longer useful. It means the loss of control of 0.01% of the elite over the masses and a complete paradigm shift. In summary means freedom. Freedom for the first time in the known history of mankind".

In this paragraph Corey Goode explains the crux of the matter, the real reason for the suppression of these technologies. The free energy. You will not pay a bill in your life again. It is not that humanity does not know how to hold onto the idea of extraterrestrial life, as Corey Goode very well says, it is about the loss of power of the large corporations controlled by very few families, as it has been explained above. This is something that Dr. Stephen Greer expresses with total clarity in his lectures, the problem is the free energy that would free the human being from the slavery of paying the thousand-year tithe to these private companies that only seek to squeeze humanity and maintain their absolute monopoly of resources, especially energy resources.

It means the loss of control and power forever over human beings. It means freedom and well-being for all forever. And it is based above all on what has been called, referring to oil, the question of the hundreds of trillions of dollars that would no longer go to the coffers of 0.01% of the planet anymore. There are many suppressed technologies that allow you to generate energy eternally without having to pay an invoice ever again. Food replicators that would eliminate the need to pay to eat anymore. The issue of currency itself may be obsolete. It is about the liberation of humanity and the end of their slavery. Forever.

• **POLITICIANS:**

– **PAUL T. HELLYER - CANADIAN DEFENSE EXECUTIVE:**

Paul Hellyer perfectly describes the reason for the concealment of the secret space project and so many other issues in the discourse that appears in chapter one. In his interviews he describes how he was able to study the secret space project when he finished his 20 years of service as Minister of Defense. After studying the subject deeply and talking with many experts from his years as a minister, he affirms that there are extraterrestrial species working with the government of the United States in secret and that there are at least 25 identified species.

– **DMITRY MEDVEDEV - RUSSIAN PRESIDENT:**

At the end of an interview they ask the President of Russia Medvedev about the existence of extraterrestrial life. I recommend looking for it because it circulates widely over the internet, it is very brief, it lasts only a minute but says it can only say that when it comes to President in Russia "Along with the briefcase of nuclear codes, the president of the country is given a secret file. This file entirely contains information about the aliens that have visited our planet ... Along with this you are given the report on the absolutely secret space service that exerts control over the aliens in the territory of our country ... "

He concludes by saying that the information is not made public because people would panic. I think that after reading this, one can imagine why they would panic.

## **– NICK POPE - EMPLOYEE OF THE BRITISH DEFENSE MINISTRY:**

He worked for the British Department of Defense and during his contract he was assigned the task of analyzing all the documentation about sightings of Unidentified Flying Objects. According to him alone in Britain there are 300 sightings a year. To give this data there must be many more of which only 300 have been corroborated beyond doubt with radars and specialized instruments such as Unidentified Flying Objects.

## **– PRESIDENT RONALD REAGAN:**

Five times Ronald Reagan spoke of an alien threat, one of which was on September 21, 1987 at the United Nations:

"Could not all nations live in peace? In our obsession with the antagonisms of the moment we often forget how united we are all the members of humanity. Maybe we need a threatening force from outside the planet to recognize this common bond. Sometimes I think about how quickly our differences throughout the world would disappear if we were faced with an alien threat that came from outer space and even then I ask you, is there no already an alien threat between us?"

## **• JOURNALISTS AND RELEVANT ORGANIZATIONS THAT EXPOSE THE ALIENARY EXISTENCE:**

### **– DR. STEPHEN GREER:**

Dr. Greer exposes the existence of extraterrestrial life and denounces that its concealment is totally linked to the concealment of free energy. He calls the plutocrats of energy that censor these advances petro-fascists. On April 27, 1996, former CIA Director William Colby spoke with Dr. Greer and acknowledged the existence of extraterrestrial life and warned him that he could put his life in danger. Nine days after speaking with Dr. Greer, Colby appears dead on the Potomac River. He was replaced by George W. Bush.

Dr. Eugene Mallove (Director of the New Energy Research Laboratory) was beaten to death in the house where he was born on March 14, 2004, after declaring in 2000 to Dr. Greer that at all levels of the State there are practices of suppression of these technologies as well as the suppression of those that speak of the artificial creation of AIDS, climate change and free or renewable energies.

Three members of Dr. Greer's team are diagnosed with deadly melanoma cancer right after finding and analyzing the body of an alien. The autopsy of this body was carried out by Emery Smith who states in the interview that I mentioned earlier that all of his loved ones have died since then and that is why he has come out to expose the truth.

Dr. Greer speaks of the one trillion dollar question about free energy, and that it is because of the monopoly of oil companies that the existence of alien life and alien technology is not made public.

### **– CAMELOT PROJECT: KERRY CASSIDY:**

Kerry Cassidy, whom I met personally, is one of the best journalists of all time. He has interviewed about 800 people, some with greater access to secret information than the President of the United States. She has practically interviewed all the members of the secret space program that have come to light.

### **– SPHERE BEING ALLIANCE - THE EVENT AND THE ASCENSION:**

It is a group to which Corey Goode belongs, of which aliens of light are part. These positive species are trying to make what is called "The Event" happen. It is difficult to explain it and I struggled to understand it but many sources mention the same. As I understood there is a sun in the center of the galaxy, this sun every 27,000 years or so throws a wave of light through the galaxy. When this happens, many of us will ascend. "The Ascension" is the transformation of the human beings into light, already mentioned

in Buddhist texts millennia ago. Certain Buddhas through meditation in ancient times are mentioned to have become light.

There are different dimensions that are called. We are in the third but above and below there are many more. Any physicist understands this since they work in their formulas with infinite dimensions in a theoretical plane since it is assumed that if there are three there could be infinite dimensions. The ascended beings are like the spirits that we do not see because they live in another plane that we cannot see. A physicist once told me that according to physics we only perceive 1% of the reality that surrounds us. I think we perceive infinitely less. Just imagine, since we cannot see them millions of atoms that surround us. It is not so strange to think that there are dimensional planes that we do not see but exist. Therefore, ascending would raise the vibration through love and reach a state of being light. By rising our vibration we can ascend to higher planes of consciousness or dimensions.

According to sources, including Kerry Cassidy, whom I personally asked at a Ufology Conference, the ascension is real. What these positive aliens would like is that we rise of vibration through love. It is scientifically proven that the frequency of love is high frequency and fear of low. To corroborate this, we can cite many sources such as Dr. Bruce Lipton in the documentary "Kymatica" says that we are vibration and measured in the laboratory these vibrations of love and fear. He says that they are the two fundamental vibrations: love and fear. That fear should only be used in times of threat but the rest of the time we should relax. That is natural. But the problem is that all our elite and the planetary situation of collapse of the planet put us in a mode of protection or fear, the blood does not irrigate the cells and does not grow. We have stress cells constantly and so the body cannot grow and the mind cannot increase its vibration and awareness can be realized. The strategy of the power elite is to keep us in perpetual alert.

Dr. Leonard Horowitz states that "During the 1990s, three Nobel laureates in medicine made an advanced study that revealed that the primary function of our DNA lies not in the synthesis of proteins, as was widely believed in the last century, but in reception and transmission of electromagnetic energy. Less than 3% of DNA functions involve the manufacture of proteins, more than 90% work in the realm of bioacoustics and the bioelectric signal".

The Heartmath Institute states that "The heart and the brain maintain a continuous dialogue of two directions each influencing the functioning of the other although it is not well known, the heart sends more information to the brain than the brain sends to the heart and the signals that the heart sends to the brain can influence perception, emotional processing and high cognitive functions. The heart also generates the strongest rhythmic electromagnetic field in the body and this can now be measured in the brain waves of the people around us. "

So, when we are afraid the blood supply does not work properly so the brain and our body do not work properly and therefore our consciousness cannot expand or evolve. Dr. Allan Poe said that the shamans and sages of antiquity knew that "Cells of the human

body communicate through biophotons - particles of light. This system also exists among people called morphic resonance. " To understand this, we must understand that each body emanates an energetic field which is commonly called aura that interacts with the electromagnetic fields of the beings that surround us. Currently this electromagnetic field can be measured with scientific instruments.

### – PAUL COLLINS:

He calculated how the "Event" would happen. How much population could be saved in the case of natural catastrophes caused by the solar storm of the central sun of the galaxy. Something to note in the article where he explains this is to point out that "the oldest and largest astronomical observatory in the world was operated from the Vatican Observatory inside the Vatican summer house in Castel Gandolfo, Italy".

The current Vatican telescope is called LUCIFER. And I doubt that whoever has read and more importantly understood this book and all the testimonies contributed from the Presidents of the Government to Popes, it seems unlikely this could be a coincidence. William Tompkins tells in his book how when he converted to Catholicism he was consulted by several priests about documentation that the Church had collected that confirmed the existence of the extraterrestrial life and its interference in the planet. Curiously, the institution that locked up Galileo Galilei for saying that the Earth was round and revolving around the sun is at the forefront of space exploration.

"Directed by Jesuits, the Sacred Catholic Church Rome whose astronomical telescope and observatory bases its main offices near the summer residence of the Popes at Gandolfo Castle, Italy where the Vatican Observatory has remained one of the most astronomical research institutions of the world, however today, according to members of the Vatican, remains only as "a historical point of reference astronomical research ... In 2009, about a mile south of the summer residence of the Popes (in Gandolfo Castle, Italy), the Sacred Roman Catholic Church publicly announced its new center providing the Jesuit community with a separate space for students and researchers; a library; conference hall; and more study rooms. "

### – COBRA - THE RESISTANCE:

Cobra is the pseudonym of the spokesman of an organization called "The Resistance", a very appropriate name if we consider that this was the name of the resistance organization against the Nazi occupation in Europe during the Second World War. The Resistance is a group formed by light extraterrestrial and exoplanetary species that

together with light organizations of human groups throughout the planet and species that reside in underground bases work to liberate not only this planet but the entire Solar System of the influence and domination of these extraterrestrial species of darkness that have subjected the planet and the entire human race for millennia.

According to Cobra, Atlantis existed and was destroyed 13,000 years ago when the planet was invaded by these species of negative aliens that have subjected the planet to their will by suppressing knowledge and ancestral advances and keys for the liberation and evolution of humanity. It is at this moment that the planet suffers the famous flood that the Bible relates to Noah's Ark and that they reflect the sacred texts of many civilizations throughout the planet Earth.

I met Cobra at the beginning of 2019 and I asked him hundreds of questions but I would have asked him many more questions. I will take this section to recommend to everyone to read Cobra articles and listen to their interviews with an open mind. He has recently published a book compiling all his articles that can be found on his website. What I was most interested in asking was about plasma implants. These implants by which you can control human beings cannot be seen with the naked eye, however it is one of the issues kept under a deep secrecy.

According to different sources, including Cobra, these plasma implants serve to disconnect us from "The Source" which is the name with which the extraterrestrial species of light call God or the beginning of the creation of the universe. They can also implant memories or erase them, which would explain the strange incident that William Tompkins mentions in his book of how the negative species managed to erase the memories of the incident the uncontrolled ballistic missile of all the personnel that was present in the base.

These plasma implants that would be similar, to establish an analogy, to the cables that in the film Matrix has Neo and all humanity, are similar to black holes and according to Cobra we have seven located in the main chakras. These would not only be used in humans but in many other extraterrestrial civilizations by the archons and the chimera mainly, establishing them also in the Nordics, Reptilians and other species of light and darkness for their control. The implants are connected to what is called Toplet bombs and from there they connect to each other through what is called the Set Net and in turn directed to the different bases that control these plasma implants.

Most sources about the Secret Space Program agree in affirming what William Tompkins and many more confirm that these negative species feed on our energy, especially the negative energy but also the positive energy using us as if the planet were a farm and the human beings were the cattle. For example, to encourage this feeling of perpetual fear, they foster the feeling of scarcity by spreading lies as if there are not enough resources for everyone, when the planet and the wealth of this planet if distributed well provide us with much more than we need to create this feeling of constant anguish and fear fostering the struggle between different groups of humans and eternal confrontation as a form of mind control.

Therefore, to be free of this control, meditation is very important and to live in peace, harmony and love. According to David Wilcock, if we all did this for a day, the planet could be released immediately.

This hierarchical pyramid was published by Cobra in an article of his blog on 26 - IX - 2018:

#### **– BENJAMIN FULFORD - JOURNALIST:**

Although Benjamin Fulford focuses, as he personally told me, on matters of the third dimension, he also deals with the existence of the secret space program through his sources of Intelligence Services including members of the Pentagon, the CIA, Western secret societies and many more. This has confirmed the existence of exoplanetary bases, factories of clones confirming many of the testimonies already mentioned.

#### **– ROBERT DAVID STEELE - AGENT OF THE CIA:**

Robert David Steele, like Benjamin Fulford focuses more on denouncing the Cabal and the "Deep state" or "Shadow government" and barely speaks of the secret space project. However, he has an interview with Kerry Cassidy that I recommend to see dealing with the subject and has also claimed to be knowledgeable about the secret space program on Mars from different sources as well as the existence of bases on the moon and the red planet.

Archons, Chimera, Interdimensional beings, reptilians, grays, Tall Whites, arachnids ...

#### – MAIN POSITIVE ALIEN SPECIES:

Nordics, Pleaadians, Sirians, Arturians, Agarthans, etc.

### • MAIN EXOPLANETARY ENTITIES:

#### – GALACTIC CONFEDERATION:

Formed by multiple extraterrestrial civilizations throughout the Milky Way. It collaborates through Treaties with the civilizations of other galaxies. It seeks to liberate the Galaxy from the influence of dark or negative alien species that want to enslave this and other galaxies.

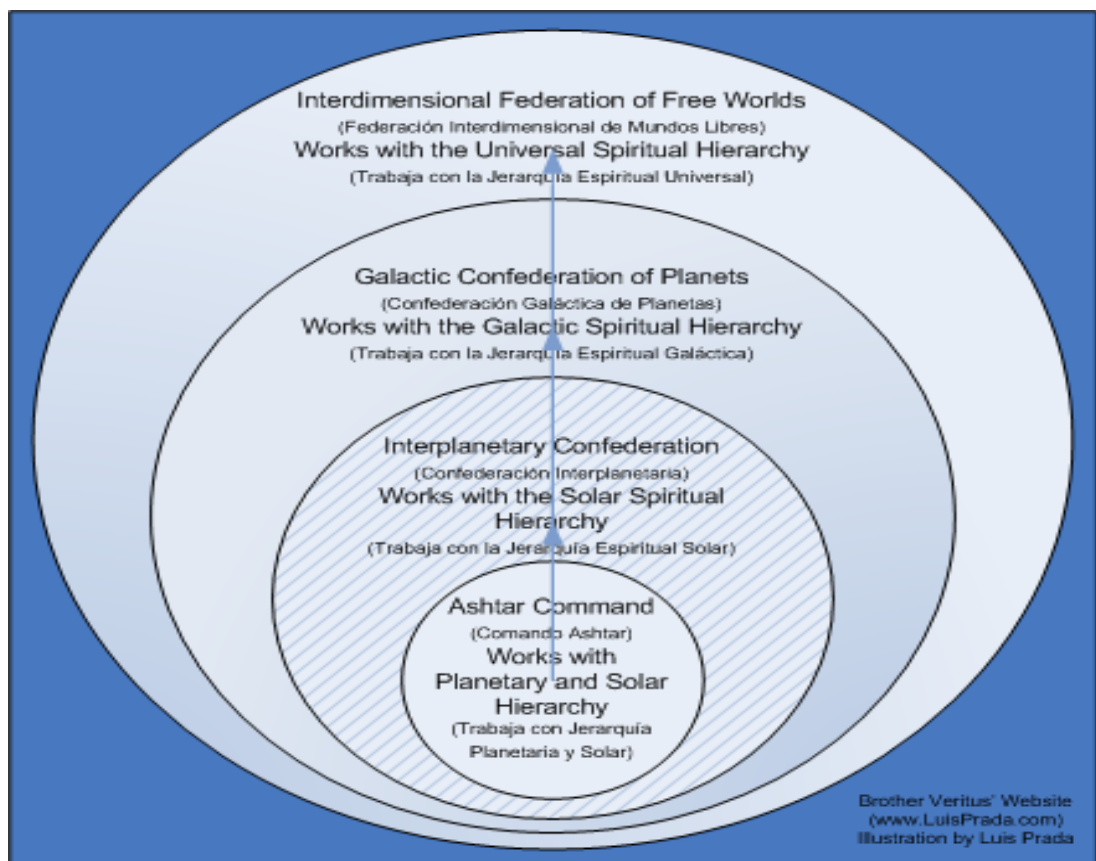

## – THE ASHTAR GALACTIC COMMAND OR GALACTIC COMMAND OF ASHTAR:

It is the military branch of the Galactic confederation responsible for this area of the galaxy, under whose command is Commander Ashtar Sheran:

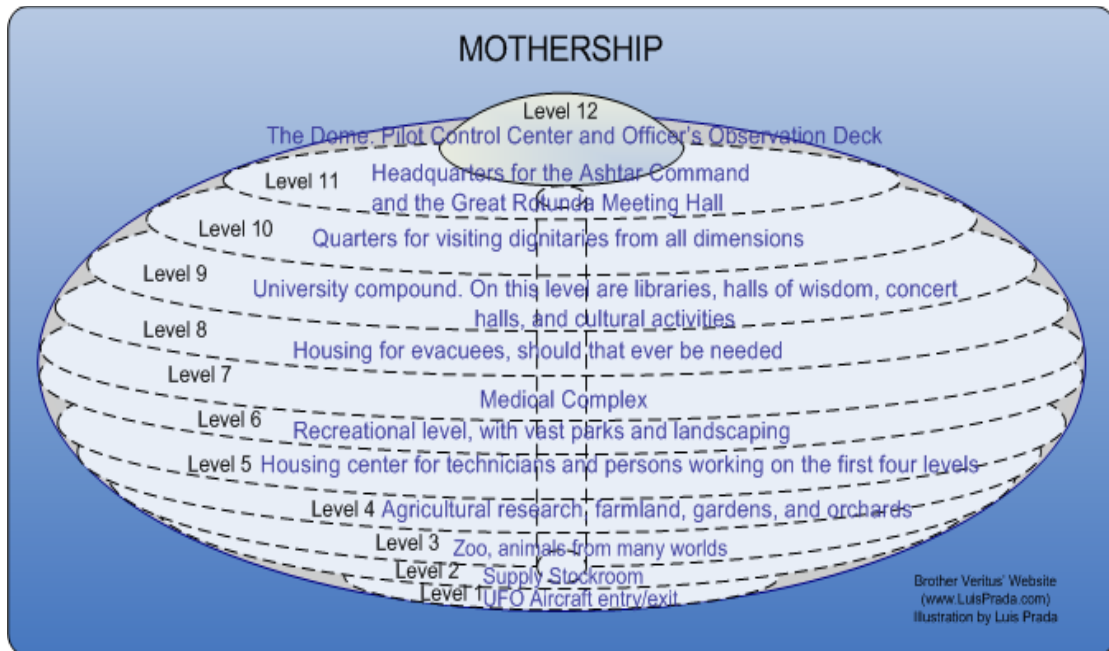

It is within the Galactic Confederation of Light and is in charge of the government of this part of the Galaxy. I recommend reading the article that I put below to find out how these two organisms and their different ships are organized. It is important to understand that the groups of extraterrestrials of higher dimensions use ships that are an extension of their conscience being able to change them at will with their thoughts.

## – HIERARCHY OF THE GALACTIC CONFEDERATION:

**– MOTHERSHIP OS THE ASHTAR COMMAND:**

**– EARTH ALLIANCE:**

It is a group formed by groups of human beings from the military and civilian area together with positive extraterrestrial species or the Light of the Galactic Confederation. They are in charge of the liberation of the Earth.

**– GROUND CREW COMMAND:**

Group formed by extraterrestrial species of the Light and humans in charge of carrying out the liberation of the Earth in collaboration with the Galactic Confederation of Light. They work with the Earth Alliance.

**– ANDRÓMEDA COUNCIL:**

Council formed by species of the Andromeda Galaxy (The galaxy closest to the Milky Way).

## **– ORION COUNCIL:**

It is a group formed by species of Light that works together with the Galactic Confederation of Light and the Earth Alliance for planetary liberation.

## **• EPILOGUE:**

According to Doctor Greer and many sources, one of the main reasons for the suppression of information about the Secret Space Program is the existence of free energy. This would stop our total dependence on energy companies and would mean a liberation of humanity. Paying electricity and water bills, as well as paying the debt, are forms of slavery. To have us controlled and oppressed. If neither electricity nor water were paid, someone self-sufficient with a house and their own crops could perfectly live without money and without dependence on the system.

## SOLUTIONS

"Article one.- Men are born and remain free and equal in rights. Social distinctions can only be based on common utility.

Article 2.- The purpose of any political association is the conservation of the natural and imprescriptible rights of man. Such rights are freedom, property, security and resistance to oppression.

Article 3.- The principle of all sovereignty resides essentially in the Nation. Nobody, no individual, can exercise an authority that does not expressly emanate from it.

Article 4.- Freedom consists of being able to do everything that does not harm another: for this reason, the exercise of the natural rights of each man has no other limits than those that guarantee the enjoyment of these same rights to the other members of society. rights. These limits can only be determined by law"

Declaration of the rights of man and citizen (August 26, 1789)

The rights of the Planet and all living beings should be included, but to begin with, how about we respect of the rights of human beings?

Protect and respect nature is to respect and protect the human being as an indissoluble part of it.

- **FAIR ECONOMIC SYSTEM:**

Our system is based on money and money is simply an exchange system. Empires as long lived as the Egyptian with about 4000 years of history did not use money because among other things when it was created it did not exist. The first coin appears in Europe in Lydia, now Turkey, in the sixth century BC. That is, the invention of modern money and the current currency itself is very late. When the Mesopotamian or Egyptian Empire had already reached its peak it had not yet made its appearance. The exception is China with the cowrie shells during the Xia dynasty in 2,200 BC. However, most of the planet did not use it for most of our history. Yes, there were complex and state-established methods of exchange by which a certain amount of one product equaled the other and real objects were exchanged for others. That is why the origin of the name of salary because it was paid to the Roman soldiers in salt, a good always linked to the powerful and coveted for its assured demand and sale.

The problem is not so much the money that can be a method of exchange as any other but the monopoly of that money together with the economic resources that we can monopolize and that cover all aspects of a society that monopolize with the monopoly of the issuance of that money can be the energy and food industry, the media, the arms industry, politics and many others. The monopoly of the issue of money gives us the monopoly of all other powerful and vital sectors. The monopoly of the issue of currency gives us the monopoly of all economic sectors. This monopoly always linked to powerful families always linked to the nobility and aristocracy for many generations. These families exchanged blood ties often related to political pacts such as marrying two children from different kingdoms or countries to maintain peace or collaboration together with associated treaties. These families since ancient times are related. For example, George V of England was the cousin of Tsar Nicholas II during the First World War and in fact they are very similar. It must be borne in mind that fighting among nations often means fighting between families for these kings.

The financial monopoly until yesterday and today was by birthright, and until almost a few decades ago in the name of god, was in the nobility. This does not mean that the society of estates was totally static. Whoever had money or success could access the nobility for marital or family unions or other methods. In the Middle Ages, if you had money, you could buy noble titles and even ecclesiastical titles as Luther denounced in his Theses. The monopoly of economic resources by few families, especially in complex societies has been and continues to be a constant in almost all civilizations throughout history and is nothing new.

These unions and family alliances were made mainly between neighbors and not so much with distant kingdoms of which often there was no knowledge of their existence. It will be from the colonization of the fifteenth century and especially the advances of the modern age as transportation systems or the understanding of the world to make a

map of it which will allow greater interaction and monopoly of the power of this elite globally. For these campaigns of conquest a lot of money was needed, so the State and nobility would begin to need more and more private financing for their commercial and conquest projects and what was known as the bourgeoisie emerged for the first time.

This financial monopoly also generates another problem that is a form of colonialism and slavery of modern states through debt. If an entity has a monopoly on the issue and for every 10 euros it issues I have to return 11, mathematically it is impossible for any State to end up returning that artificially generated debt and that would not exist in the first place if it were the State that issue that currency. Therefore, the artificial issuance of debt is a form of modern colonialism like in Ancient Greece where the state cities paid tribute to the dominant city, however, in this case it is a tribute that generates a debt that can never be repaid and It is not based on any tangible material like gold. Because the Roman coins at least were made of gold.

Gold, the pattern on which a coin is based or based, is valuable because it is scarce. No other reason makes special gold apart from its qualities that can be exceptional as an element of the periodic table. However, if gold were everywhere with abundance, if we were walking and there was gold everywhere it would lose its value. It is only its scarcity and demand that makes it a valuable material. The monetary or exchange of goods system could be based on any other pattern and would continue to function as has been demonstrated throughout history. Like the sticks in the shape of a coin called "Tally Sticks" created by Henry I during the British Empire.

## • RESPECT FOR HUMAN AND PLANETARY RIGHTS

"I declare that as long as the human being makes wars, he continues to live in prehistory and I demand that the human being leaves Prehistory"

-President Mujica - Speech of the United Nations of 2013-

Really for any historian or any connoisseur of history, it seems that everything is summarized in an endless list of wars and treaties over millennia. Something as obvious as human rights is so modern from a historical point of view that you cannot understand what it is to live in a world without them. And yet until just 200 years ago there never existed the power of the people, let alone the rights of the people, always subjugated and generally enslaved totally under the yoke of the ruling class of the moment. They may seem very obvious to us and yet, compared to the 5500 years of history since the end of prehistory, it was made yesterday.

The constant and brutal violation of human rights is totally overwhelming. Every day, every second millions of people in the world see their rights totally violated. It has not even been achieved after 230 years to enforce the Declaration of the Rights of Man and Citizen. In the title itself, we exclude women and children, I suppose. Until when? When will we evolve and leave Prehistory as Mujica said? By when the declaration of the rights

of the Earth and of all its inhabitants? When will be a the declaration of the rights of nature?

The wars only benefit that 0.01% population mentioned above but they don't care about the other 99.99%. We must as a species respect ourselves and use dialogue and as that World War veteran said in a documentary half crying "This should never have happened, it should have been resolved in the offices". If humanity does not reach a degree of absolute civism it is likely that not even the planet survives our unconsciousness. And I do not know about the 0.01% but I think that you and I reader do not have another spaceship to run away, or not? and even if we had it, if we treat the next planet in the same way, it may not be of any use.

We must already respect the rights of the Earth, of nature, of all living beings and we must urgently evolve to the end. Stop all wars and respect the rights of all human beings.

## • **DECLASSIFICATION OF FREE ENERGY PATENTS**

More than 5,000 patents have been confiscated by the National Security Agency (NSA), many by the electricity companies' militias. A huge number of human beings have been killed for creating them or wanting to spread them. The damage caused to the planet Earth is immeasurable. I invite the reader to find for himself all the infinite patents of censored free energy of which I mention a few.

### **– Nicholas Tesla:**

It is well known that the inventions and many of Nikola Tesla's patents were confiscated when he died. One could write a book and in fact many have written about this wonderful Serbian scientist who does not appear shamelessly in the history books nor will he be mentioned when studying the Physics degree in spite of being the greatest scientist of the XIX - XX century and probably of all times. When asking Albert Einstein what it felt like to be the wisest of men he replied "I do not know, ask Tesla".

Why is not mentioned then? Because many of his inventions are closely linked to the Free Energy and Tesla wanted the patents to be free, that anyone could use them without paying anything. This would be the end of the energy companies and therefore of the elite that controls us. Free energy is possible with the method devised by Tesla in his patent: PAT. Nº 512,340 = <https://goo.gl/N3EPNh> called Radiant or Cold Electricity, Magneto electro Generator. I will leave it to the reader to investigate this wonderful genius of all times, like all the topics covered in this book. I invite you to investigate each section and chapter to the reader since I only give brushstrokes when you could write a book of each section and in fact many have been written of each section. Look for them, reader, do not believe me without hesitation. Question everything and investigate everything for yourself, as I did for years and I continue to do.

### – **Stanley Meyer - Inventor of the water engine:**

The totally clean water engine was invented many decades ago. It is composed of a single voltage boost circuit. It also works with salt water. Military personnel went to visit him to buy the patent but he wanted it to be a free and public patent. In 1996 he is sued by investors, his oral statement in the trial carried out was erased, making excuses for technical problems.

In 1998 he met with two NATO delegates together with his brother. He states that in a parking lot he drank something and immediately grabbed his neck and said "I have been poisoned." After this incident he died. This was reflected in the police report. In 2008 Dr. Greer tried to buy the patent without success.

<https://www.youtube.com/watch?v=2m1jx2euy2A>

### – **John Searl:**

He made a circular circuit that has constant energy. "The SEG (Searl Effect Generator) is a revolutionary invention that generates electrical power by converting natural energy found outside without depending on environmental conditions. It produces an economic clean and sustainable energy without relying on fossil fuels like oil or natural gas, and is a free alternative to coal.

However, the development and implementation of this revolutionary invention has met with great resistance for years due to the obvious economic repercussions for the big oil industries, the monopolies in the distribution of energy and closed ideologies that have been deeply rooted in governments, industry and institutions that depend heavily on the current status quo.

If the world population chose to support John's final mission, and embrace his technology, we could eliminate air pollution, resolve our impending energy crisis and support unprecedented economic growth. Everything that goes with electricity can work with the SEG, without pollution and without the use of fossils, as is the case today.

How long will we allow the corruption and avarice of the privileged to blind us to the opportunity to cure our Mother Earth and get the technology to advance? This may be our last chance to accept John Searl's offer to make a transition to a better world. "

– **Lifhack:**

It is a Free Energy device that can be easily found on the internet and manufactured.

– **Morning Star:**

It is an Antigravity device.

• **RENEWABLE ENERGY:**

Renewable energies are widely known by the general public such as solar, wind, hydraulic and many more. Highlight that government initiatives such as "the solar tax" try to charge for energies that should be totally free.

There are many renewable energies that should be implemented by all the governments of the world. There is even an airplane that runs on solar energy. However, the energy monopoly is real and managed by very few companies owned by banks that do not want this technology to be implemented because it would mean the energy independence not only of the population but of whole countries. We must all promote these technologies to make this world a better place.

• **ORGANIC CROPS:**

Organic crops had always existed until the arrival of Monsanto, which not only created the aforementioned transgenic crops but also monopolized existing worldwide seed banks to prevent farmers from planting seeds for the next harvest for which they did not need to pay, nor they were harmful to the environment or living beings.

Note that many of the crops that are called organic, although grown without chemicals, use transgenic seeds. They are expensive because there are few since the market has been monopolized by Monsanto in a few decades but if everyone cultivated them, their price would be affordable for the consumer. It is up to us, the citizens, to make this

happen and the more demand from consumers, the more the price would be affordable for all.

Every small effort is important because as Einstein said "small people doing small things can change the world" and we always have to remember that the power resides in the people and we are millions. If we all demand a sustainable and healthy agriculture we can make it happen by supporting the farmers that empower it.

### • **REFORESTATION OF FORESTS:**

Promoting the reforestation of forests should become a priority of any government or institution dedicated to the protection of the environment. In Spain it was said in the fifteenth century that a squirrel could go from end to end of the country without touching the ground. Anyone who now visits Spain will realize what desert is especially the south and center of the Peninsula. The Amazon has lost a large part of its forest mass in recent decades and deforestation is a problem that exists throughout the planet.

Deforestation companies could support entrepreneurs who promote reforestation throughout the planet Earth. Joining an NGO that promotes it could be a powerful initiative of the reader and simply pick up a seed from an autochthonous non-transgenic tree and plant it yourself in the area where you live. It must be native so as not to negatively impact the local landscape since many of the reforestation carried out have been done with non-native species, causing damage to rural fauna and flora.

Deforestation companies should have tree crops and it would be illegal to cut a single tree off of their purchased land for that purpose. Cultivating trees in plots dedicated only to the cultivation of trees has to be done by law as well as prohibiting that burned forests could be revalued for construction, perhaps it would help to stop the speculation of certain construction and real estate companies. It should by law the implementation of reforestation of burned areas.

As Martin Luther King said, "If the world were to end tomorrow, I would still plant a tree today."

### • **CLEAN THE AIR, EARTH, WATER, OUR CONSCIENCES AND THE WHOLE PLANET**

There are many inventions to clean oceans, land, air and absolutely the entire planet. However, these initiatives are not promoted by the monopoly of the oil and energy companies, managed as we have already seen by the same families and corporations. It is up to the citizens to implement them.

A beautiful project is being carried out by "Ocean's Clean Up". Where his Dutch founder Boyan Slat created an invention to clean the ocean of plastics. The ocean could be

cleaned in a few decades if we would invested in the project to fill the ocean with these plastic cleaners, invented so as not to harm marine species and take advantage of marine currents to maximize their efficiency.

- **RECYCLING:**

In my opinion, and perhaps that of many readers, it is logical to think that it should be completely forbidden to manufacture something that cannot be reused or recycled and that everyone has to recycle by law.

An alternative to the criticized plastic is already created and it is the degradable plastic that decomposes in a few years. Why the non-degradable is still used is the same reason as organic crops. Which is expensive because the demand is low, if consumers start buying products that respect the environment will stop being expensive because it would have high demand.

- **GOODNESS, LOVE, PEACE, FREEDOM, HARMONY, COMPASSION, UNDERSTANDING, EMPATHY, EDUCATION, TOLERANCE AND EXPANDING CONSCIOUSNESS:**

Our conscience molds reality. There are several inventions and studies that demonstrate this. Several examples would be for example the "messages of the water" of the Japanese Doctor Masaru Emoto that demonstrate how the thoughts can affect not only our conscience but what surrounds us. He made an experiment in which he wrote the word "love" in water bottles and the water crystals took forms of great beauty and harmony and in another with the same water the word "hate" and the particles changed into ugly forms. The same exposing the water to music by Mozart and others and the same thing happened. Also exposed to a blessing from a Zen Buddhist. Being humans composed of 80% water how they affect the thoughts in the water affects us equally.

We also have proof of how consciousness shapes reality in the Double Slit Experiment where electrons are shot through two slits and two lines are projected on the wall but when they are observed behave like waves. Therefore, the observer shapes reality.

There is also an experiment of a physicist who invented a machine that dropped zeros and ones at random. He did the experiment in which someone thought that more zeros would come out and more zeros came out, but even if the person was on the other side of the planet if he thought that more zeros would come out, more zeros came out and vice versa. It should make us think a lot about how the thought of a person can shape reality or events.

For all this, positive thinking is fundamental to mold reality in a favorable way. Projecting love makes love more propitious as well as any positive thinking. I would mention the

law of manifestation described in the documentary "The Secret" by which thinking about something makes it happen. Therefore, in order for something to go well, we must always encourage positive thoughts about what we want to happen, whether it would be about our life, the planet, humanity or the universe in general.

All the great sages from Confucius to Buddha to Jesus or Einstein say the same. I wonder when humanity as a whole will understand it. Always think positive. Live in good, love, peace, freedom, harmony, compassion, understanding, empathy, education, tolerance and expands consciousness.

## • MEDITATION:

Our conscience molds reality. Therefore, meditating, especially if it is done by a large group of people, can shape reality. A Harvard study shows that meditation reconstructs brain matter in 8 weeks.

"Harvard expert neurologists decided to do a study with volunteers from the same university for a period of 8 weeks, the study was based on doing conscious meditation during those 8 weeks that the experiment lasted, In addition, the team of pioneers of the university was accompanied by a team of researchers from Massachusetts General Hospital.

This team from the Hospital facilitated the cost in subsequent studies that the volunteers underwent as the study progressed, one of them was the magnetic resonance, which produced surprising results. The fact is that the team documented for the first time in medical history that meditation produces changes at a massive level in the gray matter of our brain ... So meditation does not only give a feeling of tranquility and benefits relaxation, but according to medical results, meditation would provide benefits at the cognitive and psychological level.

The author of the study is Sara Lazar and comes from the Psychiatric Neuroimaging Research Program and is a professor of psychology at the Harvard Medical School. Thanks to this study we verified the multiple benefits that meditation entails, not only in relaxation and stress reduction, but it would be very positive for people who have some type of neuronal or psychiatric / psychological disease. In addition it was seen how the plasticity of the brain is very important and how through meditation it is stimulated for good. "

Dr. Richard Davidson of the University of Wisconsin Madison is one of the first to demonstrate how meditation positively affects neuronal activity by reducing stress and depression. He studied several Buddhist monks to see how meditation affected them physically. Davidson says that "when we put the cap to measure the brain activity of a monk and showed them on the computer, as soon as we did that the 200 monks present laughed and we thought they were laughing because Francisco (the monk) looked a little funny with the electrodes cap on. It turned out that they were laughing at the place

where we were putting the electrodes. They thought it was to die of laughter that we thought that the key to compassion was the head instead of the heart. "
